House Vote On Gasoline Tax Slated

Action Could Make Or Break DiSalle's Highway Program

COLUMBUS, Ohio (AP)—This is the day that makes or breaks Democratic Gov. Michael V. DiSalle's highway program.

The Ohio House will reach a floor vote on a bill to increase the state gasoline tax from five to seven cents. House Speaker James A. Lantz (D-Fairfield) has told DiSalle he believes he has the votes to pass the bill and send it to the Senate.

But, should minority Republicans and reluctant Democrats balk at the bill designed to produce 116 million dollars in the next two years for highways, the governor's 300-million - dollar - a - year roadbuilding program will fall flat on its financial face.

The Democrats expect a Republican attempt to trim the gasoline tax from two cents to one cent a gallon.

If the Democrats withstand the GOP attack, the governor's backers in the House may be in good shape to push through the rest of his one-third billion dollar tax program.

Two previous DiSalle tax measures have passed the House and now are in the Senate's hands. They are bills to double the corporation franchise tax—estimated to produce 26 million dollars in the next two years—and increase the tax on 3.2 beer, which would yield 4½ millions.

The orphan of Ohio's complex tax picture showed its face again Monday.

It is the bill which would lift the sales-tax exemption on materials "used directly" in farm and factory production.

DiSalle won't admit it's his brainchild and Senate Taxation Committee Chairman Stephen R. Olenick (D-Mahoning) disowns it. DiSalle's finance director, James Maloon, estimates lifting the "used directly" exemptions would provide an extra 55 million dollars in revenue each year. Industry representatives set the figure nearer 90 millions. DiSalle insists state estimates are accurate.

DiSalle has said the Legislature, if it lifts the exemption, will be creating a stable tax climate for industry in Ohio for the next four years.

DiSalle mentioned lifting the "used directly" sales tax exemption in his budget message six weeks ago, but he left the Legislature on its own. He refrained from a direct recommendation.

Now, it appears, Senate Majority Leader Frank W. King (D-Lucas) is wholeheartedly behind the proposal. And, since several of DiSalle's proposed tax increases will yield less than anticipated, he, too, appears to be plumping for "used directly" as a sort of cure-all measure.

Lifting the farm and factory exemptions would more than balance DiSalle's two-billion-plus budget. It might also avoid the imposition of new taxes in the 1961 session, the year before DiSalle is expected to run for re-election.

Also on the tax front, DiSalle had dinner last night with members of the Senate Taxation Committee. The committee is studying the sales tax bill which includes the "used directly" feature plus others, including the demise of the Ohio sales tax stamp.

Chester Council Sets Sewage Rate Hearing

A public hearing on proposed sewage rates for Chester's planned sewage disposal system will be held by Chester Council Wednesday night at 7:30 at the City Hall.

Council has approved first reading of an ordinance establishing the proposed rates at 110 per cent of water bills, and a public hearing is required before Council can take any further action.

The meeting will be followed by regular Council session at which establishment of Daylight Savings Time will be considered. City Clerk Roy Cashdollar, serving as acting mayor, will preside.

Mayor Burton Ward is in "good" condition at City Hospital where he was admitted April 7 following a mild heart attack.

House Approves Sales Tax Boost In Pennsylvania

HARRISBURG, Pa. (AP) — The House, by using only Democratic votes, late Monday night passed a bill to increase the Pennsylvania sales tax revenue by $153 million, principally by increasing the rate from 3 to 3½ per cent.

The vote was 107-96. It came after 40 days of indecision.

The Senate immediately set up a post-midnight session tonight to act on the measure, now stripped of controversial sections.

Gov. David L. Lawrence will stand by to sign the bill Wednesday if it passes the Senate as expected. His signature would start an added $250,000 a day pouring into the state treasury.

Lawrence's Democratic administration does not have a majority in the Senate, but the Republican leadership said it would supply the necessary votes to enact the legislation.

As passed by the House, the sales tax would be extended for the first time to electric and telephone bills, repair and service charges, such as auto washes, utility maintenance equipment and tools.

The proposed 3½ per cent sales tax also would apply to restaurant meals costing 11 cents or more. At present, restaurant checks of less than 50 cents are exempt.

A compromise was reached in the House to pass the bill. This compromise knocked out the tax which would have applied to new and used auto sales and beer and liquor sold over the bar. A separate bill now has been introduced to get these controversial measures enacted into law, but there is speculation these bills will result in a further controversy.

While yesterday's amendments will get the sales tax passed, the fact that Gov. Lawrence will give in is sure to generate more pressures against other tax bills in the package he is seeking.

Three prime targets of legislative attack probably will be against the bills to raise $15,000,000 by imposing a flat 25 per cent on tobacco products not now levied by the state; to raise $55,000,000 by imposing a 6-mill levy against intangible personal property, and to raise $37,000,000 by taxing soft drinks at a penny-a-bottle.

Republicans generally hold the proposed tax on tangible personal property (stocks, bonds, mortgages, etc.) in low esteem. Opposition to the soft drink tax is strong within both parties, and in both houses.

Yesterday, the Lancaster Leaf Tobacco Board of Trade opened fire on the proposed tax on cigars, chewing tobacco, snuff and other tobacco products.

Pennsylvania is the nation's largest grower of cigar tobaccos, with the production centered in Lancaster County.

It also is the nation's largest cigar-producing state, with 123 cigar factories.

"For Idaho to tax potatoes or Florida to tax oranges would be no more unrealistic than for Pennsylvania to tax this basic state farm product of tobacco," said Ben E. Mann, president of the Leaf Tobacco Board of Trade.

Senators Express Belief

Dulles Expected To Resign Soon

WASHINGTON (AP)— Senators expressed today a growing belief that Secretary of State John Foster Dulles may have to hand in his resignation soon.

There were well-founded reports —including some from persons who have talked to him — that Dulles has failed to respond to treatment for a cancerous condition.

If fresh medical treatments planned at Walter Reed Army Hospital do not show results, the general expectation among members of Congress is that Dulles will step out of his official job quickly to clear the way for appointment of a successor.

Dulles returned unexpectedly Sunday from a Florida rest to reenter the hospital for further checks and treatment. President Eisenhower visited him for 45 minutes Monday but delayed a decision on Dulles' future.

Press secretary James C. Hagerty said later that Dulles has not resigned, and added that "pending additional medical evaluation there will be no further statement from the President."

But several senators said that if Dulles finds he is not going to be able to attend the scheduled East-West foreign ministers meeting in Geneva May 11, they believe he will want the American representative there to carry the full title of secretary of state.

In Dulles' absence, that representative seems certain to be Christian Herter, undersecretary who is serving now as acting secretary.

Sen. Thomas Kuchel of California, assistant Senate Republican leader, said there is no question in his mind that Dulles will "eliminate himself if his medical advice indicates physical inability to resume his full responsibilities."

Sen. George D. Aiken (R-Vt), agreeing, added that "I don't think the country can afford to go on and on without an active head of the State Department."

Sen. Mike Mansfield of Montana, the assistant Democratic leader, said in a separate interview he agrees that the chief U.S. delegate "must not be in an inferior position" at Geneva.

"He must have the full title of secretary of state," Mansfield said. "I am sure that if he becomes convinced in his own mind that he can't carry on, Secretary Dulles will hand in his papers."

Salem Man Hits Strategy

Reorganization Of County GOP Sought By Attorney

Columbiana County Republican leaders today were mulling over a proposed change in the county GOP leadership suggested by Atty. Walter J. Hunston of Salem in a letter to many party members.

Hunston states he believes the county party is in need of rebuilding, and has mailed out copies of a letter he sent April 5 to Frank O'Hanlon of East Liverpool suggesting O'Hanlon resign as secretary of the county GOP organization.

The Salem attorney, who was defeated in his bid for election as state senator by incumbent Sen. Arthur Blake in November, also criticizes party operations and strategy, and indicates there should be other leadership changes.

Atty. James McSweeney of Wellsville, party chairman, today said he had no comment on the letter, pointing out Hunston is not a member of the executive committee.

Atty. Hunston criticizes O'Hanlon's position as party secretary and clerk of the Board of Elections, "where your job is dependent upon satisfying the Democratic County chairman."

Hunston refers to the recent authorization of voting machines for trials at Lisbon and East Palestine about which opposition was voiced by County Prosecutor G. William Brokaw and County Commissioner Walter Hunston of East Palestine, and other GOP leaders, but which O'Hanlon supported.

Hunston also claims O'Hanlon

Reds Blamed For Buzzing U.S. Plane

April 3rd Incident Is Reported In Air Corridor To Berlin

BONN, Germany — (AP)—Soviet planes have buzzed an American Air Force transport in another incident in an air corridor to Berlin, the U.S. Embassy disclosed today.

An embassy spokesman said two Soviet jet fighters harassed an Air Force double - decker propeller transport on its way back from a routine cargo delivery flight to Berlin April 3.

The embassy spokesman gave this account of the April 3 incident:

The big military version of the Boeing Stratocruiser was flying at about 12,000 feet when two Soviet jets came up from behind and began cruising, each about 100 feet from a wingtip of the American plane.

The Soviet fliers then swapped positions, one going over and the other going under the transport. The American pilot reduced altitude a little. This seemed to satisfy the Soviets, for they flew away. The whole encounter lasted only a few minutes.

The spokesman charged the Soviet jets with "very dangerous maneuvers." He said American and Soviet officers at the four-power air safety center in Berlin had exchanged verbal protests, each accusing the other's fliers of dangerous air tactics.

J. W. Beburov, chief spokesman of the Soviet Embassy in East Berlin, commenting on the incident, indicated the Soviet Union is standing by its demands that American planes fly below 10,000 feet in the corridors.

"The Soviet standpoint is known and has not changed," Beburov told a reporter.

The United States Monday rejected the limit the Soviets are trying to put on the corridors and said U.S. planes will fly as high as they need to whenever they want to. A formal American note was delivered to the Soviet Foreign Office in Moscow.

The Soviet Union has warned the United States that it cannot be responsible for the safety of American planes flying above 10,000 feet.

With the new tuboprop and jet transports coming into full service, the Allied powers have been determined to establish clearly their right to fly in the corridors at any height.

The jet type planes operate more efficiently at altitudes above 10,000 feet.

The Soviet Union has no right at all to set ceilings on plane flights along the 110-mile corridor from West Germany to West Berlin, the note said.

The Soviets had complained that a U.S. Air Force C130 jetprop plane violated the 10,000 foot ceiling on March 27.

Plea Extended By Red Cross

Final Effort Made To Reach $15,902

Extension of the local Red Cross fund campaign was announced today by Richard Emmerling, chairman, in a final effort to reach the $15,902 goal.

Approximately $12,700 has been pledged or contributed to date, he said.

"The $15,902 is the minimum amount needed by the Red Cross to enable it to carry on its services locally," Emmerling explained. "It is extremely important that we meet our goal and we urge all volunteer workers to continue their efforts and turn in reports at Red Cross headquarters on E. 4th St. by Friday."

Emmerling emphasized that prompt reports from workers would greatly facilitate campaign plans in determining if any renewed effort would be necessary in gaining the goal set.

He pointed out, too, that word had been received here that the national goal of $95 million was still about 27 per cent short of the mark and that campaigns were being extended in many area chapters. Emmerling urged that those who has not yet contributed send their gifts to chapter headquarters immediately.

Satellite In Polar Orbit

Air Force Hopes To Catch Capsule From Discoverer

VANDENBERG AIR FORCE BASE, Calif. (AP)—Discoverer II, a 1,600-pound satellite, was in polar orbit today, carrying in its nose cone a space capsule the Air Force hopes to catch in the air near Hawaii.

The recovery experiment may be attempted later today.

The capsule was described as a miniature of the type that someday may be used to return men from space stations.

Discoverer II was launched from this missile base Monday, while across the nation fellow scientists were experiencing a disappointment.

At Cape Canaveral, Fla., the Air Force tried unsuccessfully to put three satellites into orbit from a single launching vehicle, Vanguard III. The Vanguard's second stage failed to ignite on schedule. Officials at the Cape said cause of the trouble was not known.

If Dscoverer II achieves proper stability, its instrumented nose cone is scheduled to be kicked loose on command from ground tracking stations and float earthward beneath a parachute.

Eight Hawaii-based C119 Flying Boxcars are awaiting orders to swoop on the descending parachute and try to drape it across a 30-foot-long trapeze bar suspended beneath each plane. The parachute and capsule would then be reeled into the plane.

The parachute would come into range of the Air Force C119s at about 20,000 feet. The planes would have 10 minutes to snatch the parachute from the air. If they failed, the buoyant capsule would be fished from the ocean by Navy vessels patrolling the recovery area.

The capsule contains instruments to supply oxygen and control heat and atmospheric pressure. Other instruments will check how effective these environmental systems are. They are designed to keep small animals alive in future satellites. There is no animal in Discoverer II.

Regardless of the outcome of the recovery attempt, spokesmen

8 In Wellsville School System Given Raises

Nurse, Janitors And Others Will Receive $100 To $300 More

Salary increases ranging from $100 to $300 annually were granted eight employes by the Wellsville Board of Education Monday night.

The increases are retroactive to April 1 so as to be included in this month's pay. The raises are in line with $300 annual increases granted all teachers last month.

Those receiving increases and their new salary and amount of raise follow:

Mrs. Jennie Calhoun, health nurse, $4,200, $300; Mrs. Ruth Cooper, attendance officer, $1,900, $100; Richard Furnis, janitor, $3,800, $200; Miss Ruby Henthorn, high school secretary, $2,700, $100; Miss Verna Jenkins, MacDonald secretary, $1,900, $100; Earl Mundy, janitor, $4,100, $300; Mrs. Johnnie Shannon, superintendent's secretary, $3,800, $200, and Raymond Rolley, board clerk, $3,100, $300.

The salary of Dwight MacLean, janitor, will remain at $3,700. The salaries of Robert Miller, William Smith and Irwin Crawford, new janitors, also will remain at $3,500.

It was reported the salaries of Rolley, Mundy and Mrs. Cooper will be adjusted again later as they will have additional duties when the Hillcrest area is officially transfered to Wellsville.

Mrs. Cooper was hired to take the annual school census at 8 cents a name. The board also discussed giving her mileage for her car when she takes the census in Hillcrest.

Supt. S. E. Daw reported he plans to visit the Fairview School at Hillcrest today. He said he had talked with Jack Baker, executive

City Receives Planning Aid For Freeway

The city has received a check for $26,160 from the Housing and Home Finance Agency, representing the first 25 per cent installment on a $104,640 loan promised to finance preparation of plans for the first stage of a crosstown freeway, Mayor Fred P. Lawrence said today.

The mayor emphasized that the federal allocation represents a loan, not a grant, and that the agreement between the city and the federal government provides that the money must be repaid when the project is undertaken.

The fund will finance preparation of plans and specifications and other engineering details of the first stage of the four-lane road, which is scheduled to stretch from the city limits in California Hollow to W. 3rd and Monroe Sts. Plans are being prepared by Michael Baker Jr., Inc., a Rochester consulting engineering firm, which estimates that the work is about

Wells Denies Ultimatum In Ware Walkout

Union's Demands On Wages, Benefits Seen Major Cause

Joseph M. Wells, chairman of the labor committee of the U. S. Potters Association, today issued a statement explaining the manufacturers' side in the contract negotiations with the IBOP and asserting that negotiations broke down over the union's demands for wage increases and fringe benefits, not an "ultimatum" issued by the industry spokesman.

Wells said management spokesmen cited figures showing a $900,000 net loss for semi-vitreous plants on 1958 operations and also showing a net loss for the last five years. A ware price increase to cover those losses and provide a wage increase for employes "could only result in a disastrous loss of business," he added.

The scheduled strike will mean a

Praises Former Political Rival

Ike Dedicates Memorial To Late Sen. Robert Taft

WASHINGTON (AP)—President Eisenhower dedicated a towering memorial today to the late Sen. Robert A. Taft. He praised Taft as a man who gave generously and unstintingly of himself "for the good of all America."

Eisenhower honored a former political rival and ally at ceremonies at the base of a 100-foot bell tower erected at the foot of Capitol Hill in memory of the Ohio senator.

Taft, Eisenhower said, was a liberal in championing individual rights and the symbol of conservatism in everything affecting the national economy.

Former President Herbert Hoover and high government officials also participated with Eisenhower in the dedication.

Hoover depicted Taft as a man who chose to die with his boots on rather than to desert his post. He called Taft "an official with a social conscience" and said: "He not only would not desert his post, he never deserted his people."

Vice President Richard M. Nixon and Speaker of the House Sam Rayburn (D-Tex) arranged to accept the marble tower on behalf of Congress.

Eisenhower, in a brief prepared address, voiced his personal grati-

7,000 Face Idleness In 12 Concerns

No Negotiations Set For First Such Area Tieup In 37 Years

Barring an unexpected development, 7,000 potters will quit work at midnight tonight in 12 dinnerware plants in Ohio, Pennsylvania and West Virginia, launching the first general strike in the industry in 37 years.

The stage was set for a work stoppage late Monday afternoon at Pittsburgh, when negotiations were broken off between the International Brotherhood of Operative Potters and the U. S. Potters Association.

Despite the last-minute intervention of a federal mediator, the labor and management spokesmen ended a conference in which they had negotiated for seven days on the IBOP's bid for a "substantial" wage increase and other benefits.

Both union and management spokesmen said this morning that no further negotiations are scheduled. The USPA's representatives already were back at their plants this morning—preparing for the anticipated shutdown—and the IBOP's representatives checked out of their hotel headquarters in Pittsburgh about mid-morning.

In the immediate East Liverpool district, the strike will affect an estimated 3,500 employes in six major plants. They are: Homer Laughlin China Co., Edwin M. Knowles China Co., Taylor, Smith & Taylor Co., Harker Pottery Co. and Hall China Co., plus the Sterling China Co. at Wellsville.

Also affected are plants in six other communities that are members of the USPA and have contracts with the Brotherhood. They are: Salem China Co. at Salem, Steubenville Pottery Co. at Steubenville, Royal China Co. and French-Saxon China Co., both at Sebring, Canonsburg Pottery Co. at Canonsburg, Pa., and Universal Potteries, Inc., at Cambridge.

The scheduled strike would mark the first general stoppage in the dinnerware industry since 1922. That strike lasted 10 weeks.

District potteries today were curtailing operations and preparing for a halt in production. Many workers already have been laid off as the shutdown moves progressively through the stages of production. Management spokesmen said there "are many preparations" that must be made in advance of a shutdown.

On the IBOP side, preparations also were going forward for a general strike.

The union said each local union affected was represented by conferees at the wage negotiations. Those conferees will report to their local unions, delivering the word that the negotiations ended in a breaking of contractural relations between the international union and the USPA, the IBOP said.

Many locals already have scheduled special meetings for tonight and Wednesday night. Scheduled by this morning were meetings tonight at 7:30 for Local Unions 4 and 131. Locals 21 and 138 slated a special meeting Wednesday night at 7:30. All the sessions will be at the IBOP headquarters.

While on an officially authorized strike, members of the IBOP are entitled to weekly benefits of $25.

Leading up to the current dispute, the IBOP filed a request with the USPA several months ago for re-opening of their two-year working agreement, which was scheduled to expire Oct. 1. The union

Atty. James McSweeney of Wellsville, party chairman, today said he had no comment on the letter, pointing out Hunston is not a member of the executive committee.

Atty. Hunston criticizes O'Hanlon's position as party secretary and clerk of the Board of Elections, "where your job is dependent upon satisfying the Democratic County chairman."

Hunston refers to the recent authorization of voting machines for trials at Lisbon and East Palestine about which opposition was voiced by County Prosecutor G. William Brokaw and County Commissioner Walter Hunston of East Palestine, and other GOP leaders, but which O'Hanlon supported.

Reds Blamed For Buzzing U.S. Plane

April 3rd Incident Is Reported In Air Corridor To Berlin

BONN, Germany — (AP)—Soviet planes have buzzed an American Air Force transport in another incident in an air corridor to Berlin, the U.S. Embassy disclosed today.

An embassy spokesman said two Soviet jet fighters harassed an Air Force double - decker propeller transport on its way back from a routine cargo delivery flight to Berlin April 3.

The embassy spokesman gave this account of the April 3 incident:

The big military version of the Boeing Stratocruiser was flying at about 12,000 feet when two Soviet jets came up from behind and began cruising, each about 100 feet from a wingtip of the American plane.

The Soviet fliers then swapped positions, one going over and the other going under the transport. The American pilot reduced altitude a little. This seemed to satisfy the Soviets, for they flew away. The whole encounter lasted only a few minutes.

The spokesman charged the Soviet jets with "very dangerous maneuvers." He said American and Soviet officers at the four-power air safety center in Berlin had exchanged verbal protests, each accusing the other's fliers of dangerous air tactics.

J. W. Beburov, chief spokesman of the Soviet Embassy in East Berlin, commenting on the incident, indicated the Soviet Union is standing by its demands that American planes fly below 10,000 feet in the corridors.

"The Soviet standpoint is known and has not changed," Beburov told a reporter.

The United States Monday rejected the limit the Soviets are trying to put on the corridors and said U.S. planes will fly as high as they need to whenever they want to. A formal American note was delivered to the Soviet Foreign Office in Moscow.

The Soviet Union has warned the United States that it cannot be responsible for the safety of American planes flying above 10,000 feet.

With the new tuboprop and jet transports coming into full service, the Allied powers have been determined to establish clearly their right to fly in the corridors at any height.

The jet type planes operate more efficiently at altitudes above 10,000 feet.

The Soviet Union has no right at all to set ceilings on plane flights along the 110-mile corridor from West Germany to West Berlin, the note said.

The Soviets had complained that a U.S. Air Force C130 jetprop plane violated the 10,000 foot ceiling on March 27.

Plea Extended By Red Cross

Final Effort Made To Reach $15,902

Extension of the local Red Cross fund campaign was announced today by Richard Emmerling, chairman, in a final effort to reach the $15,902 goal.

Approximately $12,700 has been pledged or contributed to date, he said.

"The $15,902 is the minimum amount needed by the Red Cross to enable it to carry on its services locally," Emmerling explained. "It is extremely important that we meet our goal and we urge all volunteer workers to continue their efforts and turn in reports at Red Cross headquarters on E. 4th St. by Friday."

Emmerling emphasized that prompt reports from workers would greatly facilitate campaign plans in determining if any renewed effort would be necessary in gaining the goal set.

He pointed out, too, that word had been received here that the national goal of $95 million was still about 27 per cent short of the mark and that campaigns were being extended in many area chapters. Emmerling urged that those who has not yet contributed send their gifts to chapter headquarters immediately.

Satellite In Polar Orbit

Air Force Hopes To Catch Capsule From Discoverer

VANDENBERG AIR FORCE BASE, Calif. (AP)—Discoverer II, a 1,600-pound satellite, was in polar orbit today, carrying in its nose cone a space capsule the Air Force hopes to catch in the air near Hawaii.

The recovery experiment may be attempted later today.

The capsule was described as a miniature of the type that someday may be used to return men from space stations.

Discoverer II was launched from this missile base Monday, while across the nation fellow scientists were experiencing a disappointment.

At Cape Canaveral, Fla., the Air Force tried unsuccessfully to put three satellites into orbit from a single launching vehicle, Vanguard III. The Vanguard's second stage failed to ignite on schedule. Officials at the Cape said cause of the trouble was not known.

If Dscoverer II achieves proper stability, its instrumented nose cone is scheduled to be kicked loose on command from ground tracking stations and float earthward beneath a parachute.

Eight Hawaii-based C119 Flying Boxcars are awaiting orders to swoop on the descending parachute and try to drape it across a 30-foot-long trapeze bar suspended beneath each plane. The parachute and capsule would then be reeled into the plane.

The parachute would come into range of the Air Force C119s at about 20,000 feet. The planes would have 10 minutes to snatch the parachute from the air. If they failed, the buoyant capsule would be fished from the ocean by Navy vessels patrolling the recovery area.

The capsule contains instruments to supply oxygen and control heat and atmospheric pressure. Other instruments will check how effective these environmental systems are. They are designed to keep small animals alive in future satellites. There is no animal in Discoverer II.

Regardless of the outcome of the recovery attempt, spokesmen

8 In Wellsville School System Given Raises

Nurse, Janitors And Others Will Receive $100 To $300 More

Salary increases ranging from $100 to $300 annually were granted eight employes by the Wellsville Board of Education Monday night.

The increases are retroactive to April 1 so as to be included in this month's pay. The raises are in line with $300 annual increases granted all teachers last month.

Those receiving increases and their new salary and amount of raise follow:

Mrs. Jennie Calhoun, health nurse, $4,200, $300; Mrs. Ruth Cooper, attendance officer, $1,900, $100; Richard Furnis, janitor, $3,800, $200; Miss Ruby Henthorn, high school secretary, $2,700, $100; Miss Verna Jenkins, MacDonald secretary, $1,900, $100; Earl Mundy, janitor, $4,100, $300; Mrs. Johnnie Shannon, superintendent's secretary, $3,800, $200, and Raymond Rolley, board clerk, $3,100, $300.

The salary of Dwight MacLean, janitor, will remain at $3,700. The salaries of Robert Miller, William Smith and Irwin Crawford, new janitors, also will remain at $3,500.

It was reported the salaries of Rolley, Mundy and Mrs. Cooper will be adjusted again later as they will have additional duties when the Hillcrest area is officially transfered to Wellsville.

Mrs. Cooper was hired to take the annual school census at 8 cents a name. The board also discussed giving her mileage for her car when she takes the census in Hillcrest.

Supt. S. E. Daw reported he plans to visit the Fairview School at Hillcrest today. He said he had talked with Jack Baker, executive

City Receives Planning Aid For Freeway

The city has received a check for $26,160 from the Housing and Home Finance Agency, representing the first 25 per cent installment on a $104,640 loan promised to finance preparation of plans for the first stage of a crosstown freeway, Mayor Fred P. Lawrence said today.

The mayor emphasized that the federal allocation represents a loan, not a grant, and that the agreement between the city and the federal government provides that the money must be repaid when the project is undertaken.

The fund will finance preparation of plans and specifications and other engineering details of the first stage of the four-lane road, which is scheduled to stretch from the city limits in California Hollow to W. 3rd and Monroe Sts. Plans are being prepared by Michael Baker Jr., Inc., a Rochester consulting engineering firm, which estimates that the work is about

Wells Denies Ultimatum In Ware Walkout

Union's Demands On Wages, Benefits Seen Major Cause

Joseph M. Wells, chairman of the labor committee of the U. S. Potters Association, today issued a statement explaining the manufacturers' side in the contract negotiations with the IBOP and asserting that negotiations broke down over the union's demands for wage increases and fringe benefits, not an "ultimatum" issued by the industry spokesman.

Wells said management spokesmen cited figures showing a $900,000 net loss for semi-vitreous plants on 1958 operations and also showing a net loss for the last five years. A ware price increase to cover those losses and provide a wage increase for employes "could only result in a disastrous loss of business," he added.

The scheduled strike will mean a

Praises Former Political Rival

Ike Dedicates Memorial To Late Sen. Robert Taft

WASHINGTON (AP)—President Eisenhower dedicated a towering memorial today to the late Sen. Robert A. Taft. He praised Taft as a man who gave generously and unstintingly of himself "for the good of all America."

Eisenhower honored a former political rival and ally at ceremonies at the base of a 100-foot bell tower erected at the foot of Capitol Hill in memory of the Ohio senator.

Taft, Eisenhower said, was a liberal in championing individual rights and the symbol of conservatism in everything affecting the national economy.

Former President Herbert Hoover and high government officials also participated with Eisenhower in the dedication.

Hoover depicted Taft as a man who chose to die with his boots on rather than to desert his post. He called Taft "an official with a social conscience" and said: "He not only would not desert his post, he never deserted his people."

Vice President Richard M. Nixon and Speaker of the House Sam Rayburn (D-Tex) arranged to accept the marble tower on behalf of Congress.

Eisenhower, in a brief prepared address, voiced his personal grati-

7,000 Face Idleness In 12 Concerns

No Negotiations Set For First Such Area Tieup In 37 Years

Barring an unexpected development, 7,000 potters will quit work at midnight tonight in 12 dinnerware plants in Ohio, Pennsylvania and West Virginia, launching the first general strike in the industry in 37 years.

The stage was set for a work stoppage late Monday afternoon at Pittsburgh, when negotiations were broken off between the International Brotherhood of Operative Potters and the U. S. Potters Association.

Despite the last-minute intervention of a federal mediator, the labor and management spokesmen ended a conference in which they had negotiated for seven days on the IBOP's bid for a "substantial" wage increase and other benefits.

Both union and management spokesmen said this morning that no further negotiations are scheduled. The USPA's representatives already were back at their plants this morning—preparing for the anticipated shutdown—and the IBOP's representatives checked out of their hotel headquarters in Pittsburgh about mid-morning.

In the immediate East Liverpool district, the strike will affect an estimated 3,500 employes in six major plants. They are: Homer Laughlin China Co., Edwin M. Knowles China Co., Taylor, Smith & Taylor Co., Harker Pottery Co. and Hall China Co., plus the Sterling China Co. at Wellsville.

Also affected are plants in six other communities that are members of the USPA and have contracts with the Brotherhood. They are: Salem China Co. at Salem, Steubenville Pottery Co. at Steubenville, Royal China Co. and French-Saxon China Co., both at Sebring, Canonsburg Pottery Co. at Canonsburg, Pa., and Universal Potteries, Inc., at Cambridge.

The scheduled strike would mark the first general stoppage in the dinnerware industry since 1922. That strike lasted 10 weeks.

District potteries today were curtailing operations and preparing for a halt in production. Many workers already have been laid off as the shutdown moves progressively through the stages of production. Management spokesmen said there "are many preparations" that must be made in advance of a shutdown.

On the IBOP side, preparations also were going forward for a general strike.

The union said each local union affected was represented by conferees at the wage negotiations. Those conferees will report to their local unions, delivering the word that the negotiations ended in a breaking of contractural relations between the international union and the USPA, the IBOP said.

Many locals already have scheduled special meetings for tonight and Wednesday night. Scheduled by this morning were meetings tonight at 7:30 for Local Unions 4 and 131. Locals 21 and 138 slated a special meeting Wednesday night at 7:30. All the sessions will be at the IBOP headquarters.

While on an officially authorized strike, members of the IBOP are entitled to weekly benefits of $25.

Leading up to the current dispute, the IBOP filed a request with the USPA several months ago for re-opening of their two-year working agreement, which was scheduled to expire Oct. 1. The union

Waterford Park Gets June 17-Aug. 8 Racing

CHARLESTON — The State Racing Commission granted Waterford Park Inc. a license today for a horse race meeting from June 17 through Aug. 8.

Last week, the commission approved a fall meeting from Oct. 14 through Nov. 14 at the one-mile Waterford track near Newell, but turned down a request for a summer meeting there June 17-Sept. 7.

The June 17 - Sept. 7 dates originally sought by Waterford would have overlapped an Aug. 10-Oct. 10 night racing meeting at Wheeling Downs. Waterford's dates are for day racing.

Midland Seeks State Approval

Fire Hazard Correction Planned

Plans for construction to eliminate fire hazards for the 4th St. School will be presented to the Pennsylvania Department of Labor and Industry sometime next week, Supt. Ralph H. Jewell told the Midland Board of Education Monday evening.

He said that Edwin M. Wallover Jr., Beaver Falls architect, will take plans for a fire tower—an enclosed fire exit—to Harrisburg for approval. Previous plans were not acceptable, he said.

Jewell said once these plans are approved and the estimate of the cost is obtained, he will recommend that Robert Masters, solicitor, appeal for a stay for the remainder of the program.

—:—

HE ESTIMATED that the cost of eliminating hazards at the 4th, 1st and 7th St. Schools would run from $75,000 to $100,000.

Fireproof doors to boiler rooms are needed in the 1st and 7th St. Schools. Repairs have been ordered by the department to be made by Sept. 1.

The board indicated a special meeting to adopt a tentative budget may be called next Monday night. The playground committee, with Jack Haggerty as chairman, will meet Sunday at 2 p. m. at the athletic field to discuss a location for a small playground for children in the East End.

Several members may attend the school board banquet of the Tri-State Area School Study Council of Pittsburgh Wednesday.

—:—

THE BOARD approved the request of Charles P. Henderson, band director, for use of restrooms on the first floor of the high school, the 7th St. playground for a dance and the high school stadium for a variety show and drum and bugle corps performance on July 4.

Henderson is special events chairman for the borough's July 4th celebration committee.

The July 4th committee will take out general insurance to cover any damages that day, according to Masters, solicitor, also on the committee.

The board approved the motion of Frank Aloi and granted the high school band permission to play in the Pittsburgh bicentennial celebration May 2 and to pay bills of not more than $300.

—:—

USE OF THE old high school gymnasium was granted to the Unity Chapter of DeMolay for a basketball game Saturday without a rental fee. Permission was also granted the chapter to use the gymnasium for a dance and box social May 9 from 7 to 11 p. m. for a fee of $15.

The board also granted the request of the Lioness Club to rent the high school auditorium June 3 from 7 to 11 p. m. for a dance studio recital for a $35 fee. All three requests were granted on motions by Samuel Rosatone.

The property committee, with Rosatone as chairman, will meet sometime next week to discuss repairs to the football dressing rooms under the old gymnasium.

The recommendations for improvement of the facilities was made by John Shovlin III, athletic committee chairman.

—:—

THE BOARD approved an advance premium payment of $772.40 for renewal of the state workmen's insurance, which is due to expire April 26, and a premium payment of $73.52 to the McGeehan Agency for renewal of insurance on a Dodge truck.

The board accepted the resignation of Robert D. Locke, science teacher, effective at the end of the term.

The application of David Jakes, policeman, for part-time work at the high school during the summer was filed until other applications were received.

The board approved purchase of $4,413.95 in furnishings for classrooms and offices.

They include classroom and teacher desks, $2,226.45, the American Seating Co. of Philadelphia; steel table, $54.50, Ralph Bernabie, Midland; drawer files, $99.50, Castle Stationery Co., New Castle; steel shelving, $396.78, William G. Johnston Co., Pittsburgh; audio-visual blinds for three classrooms, $914.80, A. Mamaux & Son, Pittsburgh; flag outfit, $41.92, A. H. Smith Co., Beaver Falls; electric typewriter, $425, IBM Co., Pittsburgh; typewriter, $200, Royal Typewriter, Pittsburgh; stencil file cabinet, $55, Kurtz Brothers of Dearfield.

—:—

BIDS FOR GENERAL supplies which include office, industrial arts, playground, physical education, janitorial and science supplies, were given to Miss Bernice Coffin, secretary, who will give them to the proper committee for study and recommendations at a later meeting.

Reports of officers were approved. Miss Coffin reported cash receipts of $71,707.01, of which $70,149.14 was for tuition paid by the Western Beaver County Schools. Mrs. Eldamae Castelli, treasurer, reported a balance of $43,241.34 as of March 31.

Rudolph Presutti, tax collector, reported $258.79 deposited in March and $14,886.16 remaining on the 1958 tax duplicate as of March 31.

General bills, amounting to $7,246.48, were ordered paid. Interim orders placed by Jewell amounted to $861.73. The recommendation of the Carnegie Library trustees was approved for the purchase of books totaling $108.38.

The board adjourned but members remained to work on the budget.

Plans For 20th Anniversary Are Launched By BPW Club

Invitations to attend the East Liverpool Business & Professional Women's Club's 20th anniversary observance May 20 at the St. Aloysius School Annex were mailed today to some 45 area women's clubs, to officers of the Ohio Federation of BPW, to the club's original charter members and to members and guests of the local unit.

A May 10 deadline has been set for reservations for the 7 p. m. banquet and program.

The local BPW Club got its start April 25, 1939, when approximately 50 district women attended an organizational meeting.

On May 16, the club's charter was closed with 37 signatures. It was officially presented on May 23, 1939, by the late Pearl von Au of Columbus, then President of the Ohio Federation of BPW Clubs. Of the original 37 charter members, only 6 are still affiliated with the club; 16 since have moved from the city; 7 are no longer active in business or professional life, and 2 have died.

The club now has 117 members, with 98 per cent actively engaged in gainful occupations in the community representing some 70 different businesses and professions. About 25 per cent own their own businesses.

The committee planning the anniversary observance includes the club's president, Mrs. Ethel Lynn Wambaugh; the program coordinator, Mrs. Nessie Dunlop, and the chairmen of the club's 12 standing committees. Further details of the May 20 event will be announced as plans are developed. Several hundred area women are expected to attend.

2 Youths Saved From Chair By One They Abused

HOUSTON, Tex. (AP) — Two handsome youths were saved from the electric chair Monday by the plea of a tiny, gray-haired spinster they abused and raped.

Instead Michael F. Miller and Thomas Nevin Eckenrod, both 18, were sentenced to life in prison.

Their victim sat outside the courtroom, nervously fingering a golden cross, as the pair heard the verdict. She peered through a glass door as the neatly dressed youths rose to be sentenced.

Asst. Dist. Atty., Frank Briscoe said the state would have demanded death for the pair if their victim hadn't asked that their lives be spared.

Briscoe read her statement and Miller's confession.

This told how Eckenrod seized the spinster in front of a hotel as she walked to work last Dec. 26. She was dragged into a car driven by Miller.

The pair beat her almost unconscious, drove to a lonely lane, ripped off her clothing and repeatedly beat and assaulted her.

The state agreed not to ask death if the boys pleaded guilty and accepted life sentences.

The tiny victim bowed her head and wept outside the courtroom.

Men and women have the same number of ribs—24.

Ceramic Group Waits Talk On Plant Designs

Dwight B. Hendryx of Dwight B. Hendryx and Associates will discuss "Plant Design for the Heavy Clay Industries" at a meeting of the Pittsburgh Section of the American Ceramic Society tonight at 8 in Mellon Institute at Pittsburgh.

His talk will follow dinner at 6:30 in the Park Schenley Restaurant. For 20 years chief engineer of Harbison-Walker Refractories Co., Hendryx started his own concern in 1949 for design of plants for the manufacture of building brick, refractories and other heavy clay products.

Typo Locals Will Vote On Monthly Dues Hike

TOLEDO, Ohio (AP)—The Ohio Typographical Conference Sunday adopted a proposal to increase the union's monthly per capita tax on its members from 1½ cents to four cents.

The proposal will be voted on by various locals and the results will be tabulated at the fall meeting in Marion.

Harvey W. Taylor of Columbus, conference president, said the purpose of the fund is to strengthen and assist smaller locals of the conference.

There are about 50 people for every square mile of land in the world.

Plans For 20th Anniversary Are Launched By BPW Club

Invitations to attend the East Liverpool Business & Professional Women's Club's 20th anniversary observance May 20 at the St. Aloysius School Annex were mailed today to some 45 area women's clubs, to officers of the Ohio Federation of BPW, to the club's original charter members and to members and guests of the local unit.

A May 10 deadline has been set for reservations for the 7 p. m. banquet and program.

The local BPW Club got its start April 25, 1939, when approximately 50 district women attended an organizational meeting.

On May 16, the club's charter was closed with 37 signatures. It was officially presented on May 23, 1939, by the late Pearl von Au of Columbus, then President of the Ohio Federation of BPW Clubs. Of the original 37 charter members, only 6 are still affiliated with the club; 16 since have moved from the city; 7 are no longer active in business or professional life, and 2 have died.

The club now has 117 members, with 98 per cent actively engaged in gainful occupations in the community representing some 70 different businesses and professions. About 25 per cent own their own businesses.

The committee planning the anniversary observance includes the club's president, Mrs. Ethel Lynn Wambaugh; the program coordinator, Mrs. Nessie Dunlop, and the chairmen of the club's 12 standing committees. Further details of the May 20 event will be announced as plans are developed. Several hundred area women are expected to attend.

2 Youths Saved From Chair By One They Abused

HOUSTON, Tex. (AP) — Two handsome youths were saved from the electric chair Monday by the plea of a tiny, gray-haired spinster they abused and raped.

Instead Michael F. Miller and Thomas Nevin Eckenrod, both 18, were sentenced to life in prison.

Their victim sat outside the courtroom, nervously fingering a golden cross, as the pair heard the verdict. She peered through a glass door as the neatly dressed youths rose to be sentenced.

Asst. Dist. Atty., Frank Briscoe said the state would have demanded death for the pair if their victim hadn't asked that their lives be spared.

Briscoe read her statement and Miller's confession.

This told how Eckenrod seized the spinster in front of a hotel as she walked to work last Dec. 26. She was dragged into a car driven by Miller.

The pair beat her almost unconscious, drove to a lonely lane, ripped off her clothing and repeatedly beat and assaulted her.

The state agreed not to ask death if the boys pleaded guilty and accepted life sentences.

The tiny victim bowed her head and wept outside the courtroom.

Men and women have the same number of ribs—24.

Ceramic Group Waits Talk On Plant Designs

Dwight B. Hendryx of Dwight B. Hendryx and Associates will discuss "Plant Design for the Heavy Clay Industries" at a meeting of the Pittsburgh Section of the American Ceramic Society tonight at 8 in Mellon Institute at Pittsburgh.

His talk will follow dinner at 6:30 in the Park Schenley Restaurant. For 20 years chief engineer of Harbison-Walker Refractories Co., Hendryx started his own concern in 1949 for design of plants for the manufacture of building brick, refractories and other heavy clay products.

Typo Locals Will Vote On Monthly Dues Hike

TOLEDO, Ohio (AP)—The Ohio Typographical Conference Sunday adopted a proposal to increase the union's monthly per capita tax on its members from 1½ cents to four cents.

The proposal will be voted on by various locals and the results will be tabulated at the fall meeting in Marion.

Harvey W. Taylor of Columbus, conference president, said the purpose of the fund is to strengthen and assist smaller locals of the conference.

There are about 50 people for every square mile of land in the world.

Reducers Should Know Diet Hurdles

The second Monday of the diet is the time to get your bearings. It is enormously helpful to know the score on some common diet hurdles.

Ida Jean Kain

The initial rate of weight loss varies widely. Some overweights lose rapidly at the beginning of a diet. For others, the pounds play hard to get off, and there may be no weight change for an aggravating ten days, or even longer. Be assured, failure to lose at the start of a diet is not due to any resistance on the part of the fat.

The explanation is this: You are losing fat but when lost fat is replaced by stored water there is no evidence on the scales. This temporary water storage will give way to a subsequent rapid loss. The water balance always adjusts.

—:—

ON THE OTHER hand, a rapid loss at the start of a diet represents fat plus water released from the tissues. The reducing rate slows down after a few weeks, and from then on the loss is true fat. Dieters, it is well to be alert to the fact that a shift in water balance can occur at the beginning of a diet and again, after part of the excess fat has been reduced.

For the first week or two you may feel hunger pangs, but ere long you will feel satisfied on low calorie meals. To get the picture, think of the stomach as an elastic arrangement with walls that can expand. That satisfied feeling of having had enough to eat comes when tension is exerted on the muscular walls of the stomach. Your past pattern of overeating has expanded your food capacity.

During the initial week of dieting, recognize that what you think of as "hunger" may be enlarged appetite. To lessen your food capacity, get up from the table while you could still relish more food. Twenty to thirty minutes later you will feel content, and this practice cuts appetite down to size.

The craving for sweets at the start of a diet is another hurdle that should be anticipated. There is a physiological reason for this too. Even though sweets are omitted, the mechanism which the body has set up to handle the accustomed inflow of carbohydrates remains in full force for a time. However, when the cause is removed, the powerful stimulus to insulin secretion wanes. Turn down sweets for seven consecutive days and the craving diminishes. Practice this for a few weeks and you can be in control.

Successful dieters report a dramatic change in their food capacity and food preferences. Weight control does get easier.

EIGHTH DAY MENU

Breakfast

Tomato juice, 4 oz., with lemon wedge; scrambled egg plus second egg white (Scramble in top of double boiler, with 1 tbsp. water, no added fat); toast, 1 thin slice; jelly, 1 rounded tsp. for Mr.: Small slice of Canadian style bacon, grilled, and coffee, black.

Luncheon

Slice of juicy roast beef, ½ lb., lean, on slice of rye bread, for Mr.: 2nd slice of bread mustard, no butter; wedge of lettuce with Thousand Island Dressing (1 tsp. mayonnaise, 1 tbsp. Chili sauce, plus lemon juice); fruit in season; Peach, tangerine or pear.

Pick-up For Late afternoon or evening — Glass of skim milk or buttermilk.

Dinner

Hot bouillon (made from cube) crisp celery sticks; steamed frankfurthers; for Mr.: two, for Mrs.: one; sauerkraut with caraway seeds, generous serving; rye bread, 1 slice; butter, ½ pat; cup custard (made with skim milk), and coffee or tea.

Total calories for the Day — Mr. 1,255, Mrs. 1,040.

This new diet is available in leaflet form. Send a long, stamped, self - addressed envelope for "Mr. and Mrs. Reducing Plan." Address your request to Ida Jean Kain, in care of this newspaper. Post card requests cannot be answered.

Winner Named In Tie Of Temperance Exam

LISBON — A tie between Margaret L. Hively of Columbiana High School and Carole Davie of Beaver Local High School in a Ohio Temperance League quiz competition has been broken by the name of the Columbiana girl winner, officials announced today.

Miss Hively, a senior and daughter of Mr. and Mrs. Leonard Hively of Columbiana R. D. 2 and Miss Davie, also a senior and a daughter of Mr. and Mrs. Harry Davie of East Liverpool R. D. 2 were tied as winners in the examination given April 3.

The league today said Miss Hively was ruled the winner because Miss Davie had failed to underscore the full correct answer in one part of the quiz.

Miss Hively will be one of 88 Ohio county winners who will receive a free trip to Washington in June.

First Solid Foods Surprise Baby

It's not easy to realize what a new experience it is for a baby of a few months to have a bit of mashed, strained food put into his mouth. How strange it must seem, with its different temperature, taste and texture, to his tender lips, tongue and inner mouth. You may have seen the infant's surprised look at a new taste. At first, he may eject the food or hold it in his mouth, not moving his lips and the tongue about. He may not be able to get the food back far enough in his mouth to swallow it.

By Garry Meyers

If you try tp push the food back with the spoon, it may only frighten him or cause him to gag.

Be sure to go slowly and gently. Mix a small amount of this new food—almost dissolved—with the milk in his bottle, if he's bottle-fed. It may prove an easy introduction to an addition to his diet.

—:—

AT ANY RATE, let the first morsel put between his lips be slight. Merely dip the tip of the spoon in the strained mashed food for a good beginning. The first portion should be scarcely visible and additional portions should continue to be very, very small for sometime.

Don't try to force food into his tiny mouth. Should he show strong resistance to even very tiny portions at first, don't be in a hurry. Wait and try him on them later and, if necessary, try them out again and again.

If he accepts the first quasi-solid foods, or seems to like them, the temptation is to push to much into him too fast. If you con't restrain yourself, you will spoon-feed this youngster too rapidly.

You may also try to force into him certain foods he dislikes. This may result in his holding food in his mouth. Many mothers write me about the youngster, who is six to 12 months old, or even two years of age, who does this.

—:—

THE AVERAGE child under a year old likes to put some foods into his mouth with his fingers. By the second birthday, he may be feeding himself fairly well with a spoon.

Many mothers, seeing the child does not choose to eat certain foods, will spoon them into him, even against his resistance. There is no better way to foster all sorts of eating problems.

When it comes to children's eating habits let "slow and easy" be your slogan.

My bulletin, "Eating Problems," may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

Discussion Highlights Dahlia Society Meeting

Eighteen attended the meeting of the East Liverpool Dahlia and Floral Society Friday night at the Ohio Power Co. Building. John T. Eccleston, president, was in charge. Leo Lawrence conducted a discussion on roses and Eccleston spoke on chrysanthemums.

Richard Walker screened slides of the 1958 dahlia show, the Miss America pageant at Atlantic City and scenes of the western United States. He also showed scenic slides of the East Liverpool district.

The next meeting May 8 will feature a public auction.

Kaycee Groups Attend Dedication Of New Cathedral

John E. Johnston of East Liverpool, Eastern Ohio master of Fourth Degree Knights of Columbus, headed a delegation of East Liverpool area Kaycees who participated in dedication services for the new St. Columba Cathedral in Youngstown Sunday.

Representatives attended from both Carroll Council 509 and Cardinal Mercier General Assembly, Fourth Degree Knights. Approximately 160 Fourth Degree members attended.

The Most Rev. Karl Alter, archbishop of Cincinnati, delivered the sermon Sunday afternoon in the new cathedral. The cathedral which has a capacity of 1,100, was jammed. Eight archbishops, 22 bishops, two abbots, the provincial of the Dominican Order's eastern providence and nearly 300 monsignors and priests attended.

Cardinal Mercier Assembly will meet Wednesday night at 8 in the Wellsville Kaycee Home on Riverside Ave. to complete plans for an Eastern Ohio District exemplification April 26 at the Pick-Ohio Hotel in Youngstown. About 100 candidates will be in the class.

Polio Security Within Reach

For years, infantile paralysis took a terrible toll among the American people.

It crippled many of its victims for life. It killed some of them. Its scourge roused millions of Americans to the fervent hope that something could be done about this dread crippler and killer that swept large portions of the nation every summer.

Millions of dollars were contributed for research. Hundreds of scientists toiled over test tubes. Thousands of iron lungs were installed in hospitals to keep some of the struggling victims alive. More millions of dollars were spent on wheelchairs, leg braces, massage treatments, all the paraphernalia that could be devised to assist a victim, once crippled, do as well as he could for himself.

FINALLY the break-through came. Dr. Jonas Salk, after three years of carefully supervised tests, announced he was satisfied that the vaccine he had discovered would give 85 to 90 per cent protection against polio.

The American people cheered. The battle was over. The great discovery had been made —as the medical scientists had made it earlier against typhoid, diptheria, smallpox and other enemies of mankind before.

What happened next is amazing:

Millions of Americans who had sympathized, and prayed, and contributed their money did not take the trouble to take advantage of the great discovery that had been made in their behalf.

The U.S. Public Health Service estimates that more than 35 per cent of the people younger than 40 — the vulnerable ages — have not had any Salk "shots." Nearly one-third of the pre-school-age children — the most susceptible of all — have not had any "shots." More than half the population has had only one or two of the three needed "shots" and then quit.

Members of the Columbiana County Medical Society estimate the percentages are about the same here.

They urge the parents of every child, and every male and female up to age 40, to consult their family doctors and get the protective Salk "shots."

The doctors are not "out looking for business." They know they will get more "business." They simply want to give human beings the advantage of the protection they are confident they can give. They want to eradicate polio as they have helped to eradicate many other diseases.

THE INOCULATIONS are easy. The protective series consists of three "shots." The first two are given a month apart, the third six or seven months later.

A fourth "booster" inoculation can be given a year or more later. But the important thing is the first three — and at least the first two, which have been proved to be at least partially protective.

Now is the time to act. Two "shots" can be given now in advance of the polio season, which generally reaches its peak in August.

Four out of five of the nation's polio victims in 1957 and 1958 had had no inoculations. Many more had had only one. Few had had all three "shots."

Even so, there was a sharp decline in the number of cases in 1957, a year after the Salk vaccine first was used. There was little improvement in 1958 because too many people were apathetic.

In 1959 the toll can be reduced dramatically further — IF every potential victim of polio acts to protect himself.

When We Render Unto Caesar

It would do no good to enclose a note like this with your income tax return. There are no note-reading facilities in the Internal Revenue Service.

Nevertheless, there is a note millions of U.S. taxpayers feel like writing. It would say something like this:

DEAR GOVERNMENT: Your humble servant hopes the enclosed check will be satisfactory and will be used for purposes worthy of the republic.

Your humble servant hopes none of it will be used to furnish luxury automobiles to people who can well afford to pay for their own transportation.

It hopes none of it will be spent on deep-pile carpeting, fine-grain caviar and plush-upholstered gravy trains, in the pretext that nothing is too good for the government.

This has become a very dangerous, very expensive and a very alarming point of view. Millions of producers are turning over far more of their income than is called for by what they get in return, and they are sore about it.

Everybody in the country is expected to cut the coat to fit the cloth, except the dear government. It is up to the taxpayers to make ends meet so the dear government can get its money, but it is not up to the dear government to make ends meet and this is puzzling some of the taxpayers.

They can take it in their stride as long as it's a matter of catching up to Sputnik or sending a submarine under the polar ice cap. They are not upset as long as it's a matter of keeping a 24-hour alert for the Strategic Air Command, or paying a living wage to a professional soldier. They don't begrudge the cost of the FBI, or keeping the gold safe at Ft. Knox.

BUT YOUR HUMBLE servants twitch with pain when they hear that some of their money that could have been used for clothes, education, vacations and vaccinations has been used to add to the luxury that has become the trademark of the high echelons of government or the avarice that has become common in the lower echelons.

Even so small a matter as the cozy little racket of putting Aunt Susie on the congressional payroll so the old girl will not be a dependent becomes a cockleburr under the tail when taxpayers realize how much it costs to keep the federal government in the style to which it has grown accustomed.

Please understand, dear government, that no one is asking you to appear in rags and tatters or eat lunch off picnic tables. You are just being advised by your humble servants who can't eat very high on the hog, thanks to your insatiable demands, that it is not smart for any government to eat higher on a hog than its taxpayers, lest they get the idea it is eating too high. See what I mean?

Humble Servant

Merited Honors

The Key Clubs of East Liverpool and Wellsville continue to justify the pride and confidence which is theirs as the result of worthwhile accomplishments.

The latest honors came during the weekend when both youth organizations walked off with most of the top honors at the Key Club state convention.

These high school students have demonstrated in the last few years an energetic program of school and community service which has been both purposeful and effective.

Furthermore, instead of being a self-conscious effort at "do-gooding," the Key Club's work has been sincere and often unpublicized. The club, and its adult sponsors, deserve the new honors and whatever others may be forthcoming at the international convention in July.

The Once Over

By H. I. Phillips

Hollywood needs an Oscar for somebody who can arrange a program so the important awards are made before the last "inning" and the show telecast to East while people are still up. Suspense is okay, but it's tough keeping awake through the rigamarole of awards for the writer whose pants had the most distinguished pressing, the cameraman who dropped the fewest crumbs while munching a sandwich during photography and the best supporting performance by 300 cowponies. Not to mention the following:

1. The best performance by a Brooklyn former delicatessen clerk in playing the role of an Indian chief.

2. The bravest performance by a hopeful understudy whose feet hurt most during 1959.

3. The best supporting performance by a "double" who doubled for an actor hurt doubling for a famous screen star in a trapeze act.

4. The most conspicuous horsesense shown by a producer in not casting Jimmy Cagney for the lead in "Little Lord Fautleroy" and laughing at the idea of hiring Mickey Rooney to play the role of William McKinley, Paul Revere or Oliver Wendell Holmes.

5. The most determined effort by any master of ceremonies to cut out any plugs for himself.

6. The actress who at no time gave out an interview, "Yes, I am divorcing my husband for extreme cruelty. But we still love each other."

7. The best manifestation of regret by the producer who passed up "Gigi" as too sweet and decided instead to produce "Life of Herman the Hoodlum."

8. The most sensible performance by a TV follower of the Oscar awards in yawning after the first half hour and saying, "The —— with it. I'm going to bed."

OKLAHOMA HAS GONE WET after half a century. The voters evidently sang, "I can't Say No," "Oh What a Booziful Morning" and "The Surrey With the Binge on Top."

A kosher food company has acquired a girdle corporation and will be operated by a brassier manufacturer. (Does this mean we should have sold our knishes and sour cream short?)

Seven critics whose reviews called "A Raisin in the Sun" a hit didn't vote for it as best play of season.

Susan Hayward who won Oscar as the actress of the year is a Flatbush gal who came up the hard way and has shown fortitude and patience. She's been in movies 22 years and was nominated for an Oscar four times before winning. Her right name is Edith Marrener. She grew up among the poor and got her first break through a picture on magazine cover.

Broadway is a place of amazing events and the latest hit may be a one-man show "Mark Twain Tonight." Hal Holbrook, hitherto on a TV soap opera, is 34 but does a sensational job as 70-year-old Twain. The play is a reading of Twain writings by the humorist on lecture tour and the idea was passed up by a dozen producers as being a sure "flop." It looks set for long run.

A CONNECTICUT CHURCH recently played religious music in jazz, rendering the holiest rituals in dance time. When the church has to use a jazz orchestra and pop tunes to hold the congregation, it's a gloomy decision. All that's needed to stir churchgoers is a return to strong, well prepared sermons on great issues, coupled with a realization by preachers that the amplifier is here to stay and that a churchman whose voice reaches only half the congregation is not on to his job. You don't find anybody trying to sell nonspiritual items in low tones and with the "mike" turned off.

Churchill is reported smoking cigarettes. That disturbs the free world more than the weakness in NATO.

Another Bid For A Record?

Mob War Takes Another Victim

By Victor Riesel

A friend of mine shot himself the other day — for you and you and you.

No headlines. Just what we call a "squib" obit. It read like this: "Philadelphia: — An Upper Darby detective said that from all indications labor leader, Roy J. Underwood, 55, former president of Local 542, International Union of Operating Engineers, committed suicide Friday evening in the garage of his home."

Victor Riesel

Roy had been suffering from hypertension. He felt he wasn't useful any more. He fought the mob. He lost. He tried to find work. He couldn't. He really tried. He really had guts to testify as he did before the McClellan committee.

Roy Underwood fought back though his union headquarters was taken from him by seven armed thugs. He fought back though some of his colleagues were kicked, beaten and their eyes gouged. He fought because he found that at least four million dollars "was put in the pockets of someone" during convicted extortionist Joseph S. Fay's rule over the Philadelphia union local.

THAT WAS in January '58. On the 27th of that month, Underwood agreed with Sen. McClellan's estimate that someone "was getting close to a million dollars a year out of the union." Testifying under oath, Underwood charged that hard-working men in a trade that calls for hard work had to kick back 5 per cent of their wages so they could keep their jobs.

Some union members had to throw in an additional $2.50 if they were on "special jobs," Underwood said. Non-union men could find work — at $2.50 apiece.

This came to quite a take. There were 2,200 regular members and some 1,500 non-union "permit" men.

Underwood fought this for years. His attorney worked for nothing in the cause.

For months after the testimony Underwood telephoned me. He had little more to reveal. He called to be cheery. He called to talk about "the good fight." Then the calls stopped coming.

A FEW WEEKS AGO this letter arrived from the leader of the Philadelphia section of the Assn. of Catholic Trade Unionists.

"Dear Mr. Riesel: You are no doubt familiar with the fight that Mr. Roy Underwood has waged against the racketeers, goon squads and corrupt labor leaders in the Operating Engineers. The labor fakers have been able to put enough pressure on the employers in this area to keep Mr. Underwood from getting suitable employment.

"His courageous fight has been discussed on many occasions by members of ACTU and has been an inspiration to all of us. The purpose of this letter is to try and do something for him, to whom we owe vey much.

"In fact, every American who believes in our free enterprise system and its democratic procedures owes Mr. Underwood no less than the greatest respect . . . My letter to you on behalf of all the ACTU members here is to bring you up to date on what has happened to Mr. Underwood.

"The man has been the very essence of optimism and has great faith in American justice. He has to sell his home and just about every possession he had acquired through his many years of honest work. He can't get a job, being blacklisted.

"Mr. Underwood has the most keen mind it has ever been our good fortune to see at work. It is a shame to have to sit by and see such a great man with talent going to waste in this country of ours . . .

"Joseph J. Krulikowsky,
"President, Philadelphia and vicinity chapter ACTU."

Roy Underwood died believing he was useless. What price decency!

The Time On Our Hands

By William L. Ryan

John Foster Dulles once remarked: "Time is the most valuable thing in life, and I don't want to waste it."

Time works against him now. While he battles cancer in the hospital, the hour is swiftly approaching when the policies on which he based America's prosecution of the cold war will face momentous trials.

In less than a month, the foreign ministers of the United States, Britain, France and the Soviet Union are scheduled to meet to prepare the way for a summit meeting of government heads. It is possible the United States will be represented in Geneva by a new secretary of state.

But the influence of John Foster Dulles will be present in any case. The past six years demonstrated the tremendous impact a single personality can have upon a nation's policy and the course of history.

Basically, perhaps, American policy in a time of cold war would have been pretty much the same under any secretary of state. But it makes a great deal of difference how those policies are interpreted and carried out.

Dulles' solemn, almost evangelistic approach and his stubborn defense of moral principles have left little room for compromise on any fundamental issue of what he considered right or wrong.

Perhaps U.S. policy might have done better if its architect had been more deliberately cynical in dealing with a cynical enemy. Dulles seems to have denied himself that weapon out of conviction that a civilized Western nation's diplomacy should rely on the moral force of Christian principles. Possibly this was a little naive in today's world. But in the matter of assessing his antagonists, Dulles has displayed little naivete.

"We are devoting billions in money and our highest talents to preparation for a fighting war, a war that may never come." Dulles wrote long before he became secretary. "The strength of our society is being underminded by the cold war that is here and which could finally defeat us."

Dulles has never lost sight of that possibility. Apparently he still believes the Kremlin is intent upon world domination through Communist expansion. The cornerstone of his policy has been a determination to convince the Kremlin it can never succeed.

The post of secretary of state always has been an easy and popular target for criticism, and Dulles has aroused many storms. Educated opinion both at home and abroad attributes U.S. policy not to President Eisenhower — as it had to presidents before him—but directly to Dulles. He bore the full brunt of criticism when he solemnly issued such verbal thunderbolts as "agonizing reappraisal" and "massive retaliation."

Only time will tell whether he will be vindicated. But time will not wait for him. Important cold war contests are ahead. Will the United States be represented by a man equal in rank to the other foreign ministers?

Dulles and President Eisenhower face another agonizing reappraisal. Dulles' influence surely will be felt at Geneva, but perhaps he and the President will decide the time has come to give the reins of U.S. policy into other hands.

Fruits Of Science

The International Geophysical Year, hailed as the single most significant peaceful activity of mankind since the Renaissance and the Copernican Revolution, will bear fruits for years to come.

With the whole earth as their laboratory, 30,000 scientists and technicians of 66 countries ranged from pole to pole and probed deeply into sea and sky. The collective gathering of data ended last December 31, but analysis and interpretation of the thousands of findings will continue for years to come.

Among the striking achievements are these:

Scientists detected deadly radiation of unknown origin around the earth, beginning at a height of about 250 miles. This so-called Van Allen Radioation Zone may prove a major obstacle to space travel.

Sounding rockets discovered solar X-rays are responsible for some radio blackouts, and their discovery will vitally affect future developments in radio communications.

Artificial satellites, ushering in the Space Age, gave science a new tool to learn more about weather and the shape of the earth. Equipped with telescopes, satellites will offer a view of the stars unobstructed by earth's atmosphere.

Antarctica was colonized for the first time and explored extensively. Temperatures of 124 degrees below zero were recorded. Weather studies indicate the white continent may dramatically influence the world's weather.

The United States now accounts for 67.5 per cent of the world's passenger cars.

Latest figures show that there are in use one million trucks that are 12 or more years old.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — Plans for a new edifice which the congregation of the Second Baptist Church proposed to erect on State St. were submitted to the Ministerial Association.

Albert French, president of the Rotary Club, attended the annual meeting of the 21st District clubs at Akron.

TWENTY YEARS AGO — A delegation from Horace Mann Home and School Association appeared before the school board and asked for an addition or some other arrangement to remedy crowded conditions at the school.

City Engineer Howard C. Henry attended a meeting of valley engineers at Wheeling.

TEN YEARS AGO — Mrs. Ray McBane of 10th St. was named president of the Wellsville Band Mothers.

Twenty-five journalism students of East Liverpool high school attended the Tri-County Journalism Association meeting at East Palestine.

Labor Reform Dead?

By David Lawrence

Even Proposed Laws Seen Inadequate

The American people may not realize it yet, but the Congress isn't going to do anything at this session that really will put an end to the racketeering in labor unions. This is already conceded privately by the leaders on both sides.

David Lawrence

Actually, none of the proposed measures, even if passed, would eliminate the corruption that has been exposed at the hearings conducted by Sen. McClellan and his committee.

One of the most significant comments has just come from George Meany, president of the AFL-CIO. In an interview in the current issue of "Dun's Review and Modern Industry," Mr. Meany pointed out that the unions alone cannot stop the abuses. Here is an excerpt:

"Q. Do you believe that the labor legislation now pending in the Congress will provide adequate power to curb these abuses?

"A. Adequate power? Frankly, these abuses could not be stopped by the unions alone. The trade-union movement is trying to do what it can in this field. We think we have some moral responsibility to do this. But the AFL-CIO has no legal responsibility to curb corruption in union locals. We aren't a law-enforcement agency, and we don't have the power of subpoena. We couldn't possibly call a trade-union official before our council and say, 'we are suspicious; we don't like the way things are going.' Certainly we would not hesitate to take action where we had proof of wrongdoing or corruption. But we must have the proof, and we haven't got the machinery to go out and make these investigations.

"So, to answer your question, we don't feel that the requirement of the Kennedy-Ervin bill would eliminate corruption. We do think it would curb some of these people because they will have to report all their financial transactions.

"We think the Kennedy-Ervin bill is a step in the right direction but the real problem of corruption is the failure of the law-enforcement authorities to act.

"The juke-box and coin-machine business points it up quite clearly. Here's one of our big industries, in the billion-dollar class and it's honeycombed with gangsters and thugs operating with the connivance of greedy business men and with the cognizance of the law-enforcement authorities.

"It is quite obvious that the real answer to corruption, whether in unions or anywhere else, is better law enforcement.

"Nobody runs to the American Bankers Association every time a cashier defaults or somebody on the inside robs a bank—they expect the local district attorney to handle that.

"When companies engage in business frauds, nobody runs to the Chamber of Commerce or the National Association of Manufacturers and says, 'What are you going to do about law enforcement?' No, they expect the local district attorney to do it."

This correspondent read the foregoing quotation to Sen. McClellan and asked him for his opinion on it. The Arkansas senator said:

"They say they do not have the power, and that is correct. They can't stop a Hoffa. That's why laws are needed. If they had the power, and would be diligent in exercising it, we probably wouldn't need additional laws, or so many laws. But they cannot deal with people like Hoffa, and it's imperative that we enact laws to at least curb —you never completely prevent crime of any kind.

"Q. I wonder why the local district attorneys haven't done more on this?

"A. I think the simple answer to that is, politics. They control—just like they control an industry or control an operation. They have the political power where they often control the people in public office.

"Q. You mean the unions do?

"A. Sure. Or the union racketeers—that element in them. There's no question about that."

All this points up to the fact that labor unions are not at all analogous to trade associations or groups of businesses. The labor unions have a monopoly power. They get it out of existing laws and also out of the refusal of Congress to include labor unions as within the jurisdiction of anti-monopoly or antitrust laws.

Labor unions have not only a monopoly power in being able to fix wages in an entire industry but they have a monopoly power with respect to memberships. In some lines, they can prevent an applicant from getting a job. They can force a member out of a union through various devices and deprive him of his means of livelihood.

This type of potential coercion makes it difficult for anyone who is aware of corruption to give testimony to the law-enforcement authorities for fear of punishment by union officials. No such power over the individual is held by any other trade organization or private association of any kind.

Obviously it is the duty of states to preserve order and punish crimes within their borders. But when wrongdoing is of an interstate character—and virtually all the unions have been placed under interstate commerce by acts of Congress and by judicial decisions—it would appear that ultimately federal legislation will be necessary. In fact, several years ago Congress enacted the first of its anti-racketeering statutes and these have never been held to be an improper exercise of federal authority.

Coffee Breakers

By Truman Twill

There are rumors about the return of the nickel cup of coffee, because wholesale coffee prices in Brazil are sagging.

The rumors will cause some employers in this country to think about jumping out the window. As far as they're concerned, the only good thing that could happen to coffee would be to charge 50 cents a cup for the stuff, the way they do in posh clip-joints where the idea is to make the customers avoid it.

In no other way, aside from drastic action that might fracture employer - employe relations beyond repair, is there any chance of minimizing that genial form of business sabotage known as the coffee break.

We met a gentlemen a few weeks ago who helps to make policy about office management for a large and well known concern whose offices recently have been moved into a new building.

He said one of the main advantages of the move was going to be the chance to get rid of the coffee break.

As long as the employes were in the old building any change would have been resented, he pointed out. But by transferring them to a new building it would be possible to make a procedural change in connection with the new environment and minimize the possibility of resentment.

Instead of letting hundreds of employes go to seek coffee one at a time, thereby disrupting the whole operation, this farsighted organization is going to bring the coffee to the customers from now on.

It hopes by this ruse to save hundreds of thousands of dollars of time each year — time it has been paying for but not getting any use of because its employes were absent in search of a stimulating beverage.

From now on, they'll drink their coffee where they are. Escapism as a way of office existence will be outlawed. The massive coffee break will be broken up into such small pieces the cost accountant will never notice the difference.

It set me to thinking about the beer break we took that summer during the prohibition era. The boss was paying us for unloading carloads of lumber on a siding. The speakeasy was on the other side of the tracks and up one block.

Whenever it was time for a cooler, one of the stiffs who could whistle a shrill blast with his fingers would go to the speakeasy side of the boxcar and summon Tony, the proprietor.

A few minutes later he would stroll down the main track with his bartender's apron draped over a fistful of beer mugs. He never spilled a drop.

He would wait for the empties, and he never had to wait long. This, remember, was prohibition and no one dawdled over an illicit act committed in broad daylight. We'd slurp down the yeasty brew like good fellows and spend the next 30 minutes rumbling and percolating like radiators.

Not a minute was wasted. No one left the job to go seeking his stimulant. It was so important to keep a bad break from spoiling a good thing that everybody kept working, letting one man pause at a time to choke down a mugful of cold beer.

It might work better if coffee were to be made illicit, then winked at, the way alcoholic beverages were winked at when the Volstead Act was in force. It would make the coffee break more fun than ever and about a hundredth as long. No one could take an outside coffee break, moreover, without accreditation from "Joe."

During the last 10 years motor travel in the United States has nearly doubled.

They don't begrudge the cost of the FBI, or keeping the gold safe at Ft. Knox.

BUT YOUR HUMBLE servants twitch with pain when they hear that some of their money that could have been used for clothes, education, vacations and vaccinations has been used to add to the luxury that has become the trademark of the high echelons of government or the avarice that has become common in the lower echelons.

Even so small a matter as the cozy little racket of putting Aunt Susie on the congressional payroll so the old girl will not be a dependent becomes a cockleburr under the tail when taxpayers realize how much it costs to keep the federal government in the style to which it has grown accustomed.

Please understand, dear government, that no one is asking you to appear in rags and tatters or eat lunch off picnic tables. You are just being advised by your humble servants who can't eat very high on the hog, thanks to your insatiable demands, that it is not smart for any government to eat higher on a hog than its taxpayers, lest they get the idea it is eating too high. See what I mean?

Humble Servant

Merited Honors

The Key Clubs of East Liverpool and Wellsville continue to justify the pride and confidence which is theirs as the result of worthwhile accomplishments.

The latest honors came during the weekend when both youth organizations walked off with most of the top honors at the Key Club state convention.

These high school students have demonstrated in the last few years an energetic program of school and community service which has been both purposeful and effective.

Furthermore, instead of being a self-conscious effort at "do-gooding," the Key Club's work has been sincere and often unpublicized. The club, and its adult sponsors, deserve the new honors and whatever others may be forthcoming at the international convention in July.

The Once Over

By H. I. Phillips

Hollywood needs an Oscar for somebody who can arrange a program so the important awards are made before the last "inning" and the show telecast to East while people are still up. Suspense is okay, but it's tough keeping awake through the rigamarole of awards for the writer whose pants had the most distinguished pressing, the cameraman who dropped the fewest crumbs while munching a sandwich during photography and the best supporting performance by 300 cowponies. Not to mention the following:

1. The best performance by a Brooklyn former delicatessen clerk in playing the role of an Indian chief.

2. The bravest performance by a hopeful understudy whose feet hurt most during 1959.

3. The best supporting performance by a "double" who doubled for an actor hurt doubling for a famous screen star in a trapeze act.

4. The most conspicuous horsesense shown by a producer in not casting Jimmy Cagney for the lead in "Little Lord Fautleroy" and laughing at the idea of hiring Mickey Rooney to play the role of William McKinley, Paul Revere or Oliver Wendell Holmes.

5. The most determined effort by any master of ceremonies to cut out any plugs for himself.

6. The actress who at no time gave out an interview, "Yes, I am divorcing my husband for extreme cruelty. But we still love each other."

7. The best manifestation of regret by the producer who passed up "Gigi" as too sweet and decided instead to produce "Life of Herman the Hoodlum."

8. The most sensible performance by a TV follower of the Oscar awards in yawning after the first half hour and saying, "The —— with it. I'm going to bed."

OKLAHOMA HAS GONE WET after half a century. The voters evidently sang, "I can't Say No," "Oh What a Booziful Morning" and "The Surrey With the Binge on Top."

A kosher food company has acquired a girdle corporation and will be operated by a brassier manufacturer. (Does this mean we should have sold our knishes and sour cream short?)

Seven critics whose reviews called "A Raisin in the Sun" a hit didn't vote for it as best play of season.

Susan Hayward who won Oscar as the actress of the year is a Flatbush gal who came up the hard way and has shown fortitude and patience. She's been in movies 22 years and was nominated for an Oscar four times before winning. Her right name is Edith Marrener. She grew up among the poor and got her first break through a picture on magazine cover.

Broadway is a place of amazing events and the latest hit may be a one-man show "Mark Twain Tonight." Hal Holbrook, hitherto on a TV soap opera, is 34 but does a sensational job as 70-year-old Twain. The play is a reading of Twain writings by the humorist on lecture tour and the idea was passed up by a dozen producers as being a sure "flop." It looks set for long run.

A CONNECTICUT CHURCH recently played religious music in jazz, rendering the holiest rituals in dance time. When the church has to use a jazz orchestra and pop tunes to hold the congregation, it's a gloomy decision. All that's needed to stir churchgoers is a return to strong, well prepared sermons on great issues, coupled with a realization by preachers that the amplifier is here to stay and that a churchman whose voice reaches only half the congregation is not on to his job. You don't find anybody trying to sell nonspiritual items in low tones and with the "mike" turned off.

Churchill is reported smoking cigarettes. That disturbs the free world more than the weakness in NATO.

Another Bid For A Record?

Mob War Takes Another Victim

By Victor Riesel

A friend of mine shot himself the other day — for you and you and you.

No headlines. Just what we call a "squib" obit. It read like this: "Philadelphia: — An Upper Darby detective said that from all indications labor leader, Roy J. Underwood, 55, former president of Local 542, International Union of Operating Engineers, committed suicide Friday evening in the garage of his home."

Victor Riesel

Roy had been suffering from hypertension. He felt he wasn't useful any more. He fought the mob. He lost. He tried to find work. He couldn't. He really tried. He really had guts to testify as he did before the McClellan committee.

Roy Underwood fought back though his union headquarters was taken from him by seven armed thugs. He fought back though some of his colleagues were kicked, beaten and their eyes gouged. He fought because he found that at least four million dollars "was put in the pockets of someone" during convicted extortionist Joseph S. Fay's rule over the Philadelphia union local.

THAT WAS in January '58. On the 27th of that month, Underwood agreed with Sen. McClellan's estimate that someone "was getting close to a million dollars a year out of the union." Testifying under oath, Underwood charged that hard-working men in a trade that calls for hard work had to kick back 5 per cent of their wages so they could keep their jobs.

Some union members had to throw in an additional $2.50 if they were on "special jobs," Underwood said. Non-union men could find work — at $2.50 apiece.

This came to quite a take. There were 2,200 regular members and some 1,500 non-union "permit" men.

Underwood fought this for years. His attorney worked for nothing in the cause.

For months after the testimony Underwood telephoned me. He had little more to reveal. He called to be cheery. He called to talk about "the good fight." Then the calls stopped coming.

A FEW WEEKS AGO this letter arrived from the leader of the Philadelphia section of the Assn. of Catholic Trade Unionists.

"Dear Mr. Riesel: You are no doubt familiar with the fight that Mr. Roy Underwood has waged against the racketeers, goon squads and corrupt labor leaders in the Operating Engineers. The labor fakers have been able to put enough pressure on the employers in this area to keep Mr. Underwood from getting suitable employment.

"His courageous fight has been discussed on many occasions by members of ACTU and has been an inspiration to all of us. The purpose of this letter is to try and do something for him, to whom we owe vey much.

"In fact, every American who believes in our free enterprise system and its democratic procedures owes Mr. Underwood no less than the greatest respect . . . My letter to you on behalf of all the ACTU members here is to bring you up to date on what has happened to Mr. Underwood.

"The man has been the very essence of optimism and has great faith in American justice. He has to sell his home and just about every possession he had acquired through his many years of honest work. He can't get a job, being blacklisted.

"Mr. Underwood has the most keen mind it has ever been our good fortune to see at work. It is a shame to have to sit by and see such a great man with talent going to waste in this country of ours . . .

"Joseph J. Krulikowsky,
"President, Philadelphia and vicinity chapter ACTU."

Roy Underwood died believing he was useless. What price decency!

The Time On Our Hands

By William L. Ryan

John Foster Dulles once remarked: "Time is the most valuable thing in life, and I don't want to waste it."

Time works against him now. While he battles cancer in the hospital, the hour is swiftly approaching when the policies on which he based America's prosecution of the cold war will face momentous trials.

In less than a month, the foreign ministers of the United States, Britain, France and the Soviet Union are scheduled to meet to prepare the way for a summit meeting of government heads. It is possible the United States will be represented in Geneva by a new secretary of state.

But the influence of John Foster Dulles will be present in any case. The past six years demonstrated the tremendous impact a single personality can have upon a nation's policy and the course of history.

Basically, perhaps, American policy in a time of cold war would have been pretty much the same under any secretary of state. But it makes a great deal of difference how those policies are interpreted and carried out.

Dulles' solemn, almost evangelistic approach and his stubborn defense of moral principles have left little room for compromise on any fundamental issue of what he considered right or wrong.

Perhaps U.S. policy might have done better if its architect had been more deliberately cynical in dealing with a cynical enemy. Dulles seems to have denied himself that weapon out of conviction that a civilized Western nation's diplomacy should rely on the moral force of Christian principles. Possibly this was a little naive in today's world. But in the matter of assessing his antagonists, Dulles has displayed little naivete.

"We are devoting billions in money and our highest talents to preparation for a fighting war, a war that may never come," Dulles wrote long before he became secretary. "The strength of our society is being underminded by the cold war that is here and which could finally defeat us."

Dulles has never lost sight of that possibility. Apparently he still believes the Kremlin is intent upon world domination through Communist expansion. The cornerstone of his policy has been a determination to convince the Kremlin it can never succeed.

The post of secretary of state always has been an easy and popular target for criticism, and Dulles has aroused many storms. Educated opinion both at home and abroad attributes U.S. policy not to President Eisenhower — as it had to presidents before him—but directly to Dulles. He bore the full brunt of criticism when he solemnly issued such verbal thunderbolts as "agonizing reappraisal" and "massive retaliation."

Only time will tell whether he will be vindicated. But time will not wait for him. Important cold war contests are ahead. Will the United States be represented by a man equal in rank to the other foreign ministers?

Dulles and President Eisenhower face another agonizing reappraisal. Dulles' influence surely will be felt at Geneva, but perhaps he and the President will decide the time has come to give the reins of U.S. policy into other hands.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — Plans for a new edifice which the congregation of the Second Baptist Church proposed to erect on State St. were submitted to the Ministerial Association.

Fruits Of Science

The International Geophysical Year, hailed as the single most significant peaceful activity of mankind since the Renaissance and the Copernican Revolution, will bear fruits for years to come.

With the whole earth as their laboratory, 30,000 scientists and technicians of 66 countries ranged from pole to pole and probed deeply into sea and sky. The collective gathering of data ended last December 31, but analysis and interpretation of the thousands of findings will continue for years to come.

Among the striking achievements are these:

Scientists detected deadly radiation of unknown origin around the earth, beginning at a height of about 250 miles. This so-called Van Allen Radioation Zone may prove a major obstacle to space travel.

Sounding rockets discovered solar X-rays are responsible for some radio blackouts, and their discovery will vitally affect future developments in radio communications.

Artificial satellites, ushering in the Space Age, gave science a new tool to learn more about weather and the shape of the earth. Equipped with telescopes, satellites will offer a view of the stars unobstructed by earth's atmosphere.

Antarctica was colonized for the first time and explored extensively. Temperatures of 124 degrees below zero were recorded. Weather studies indicate the white continent may dramatically influence the world's weather.

The United States now accounts for 67.5 per cent of the world's passenger cars.

Latest figures show that there are in use one million trucks that are 12 or more years old.

Labor Reform Dead?

By David Lawrence

Even Proposed Laws Seen Inadequate

The American people may not realize it yet, but the Congress isn't going to do anything at this session that really will put an end to the racketeering in labor unions. This is already conceded privately by the leaders on both sides.

David Lawrence

Actually, none of the proposed measures, even if passed, would eliminate the corruption that has been exposed at the hearings conducted by Sen. McClellan and his committee.

One of the most significant comments has just come from George Meany, president of the AFL-CIO. In an interview in the current issue of "Dun's Review and Modern Industry," Mr. Meany pointed out that the unions alone cannot stop the abuses. Here is an excerpt:

"Q. Do you believe that the labor legislation now pending in the Congress will provide adequate power to curb these abuses?

"A. Adequate power? Frankly, these abuses could not be stopped by the unions alone. The trade-union movement is trying to do what it can in this field. We think we have some moral responsibility to do this. But the AFL-CIO has no legal responsibility to curb corruption in union locals. We aren't a law-enforcement agency, and we don't have the power of subpoena. We couldn't possibly call a trade-union official before our council and say, 'we are suspicious; we don't like the way things are going.' Certainly we would not hesitate to take action where we had proof of wrongdoing or corruption. But we must have the proof, and we haven't got the machinery to go out and make these investigations.

"So, to answer your question, we don't feel that the requirement of the Kennedy-Ervin bill would eliminate corruption. We do think it would curb some of these people because they will have to report all their financial transactions.

"We think the Kennedy-Ervin bill is a step in the right direction but the real problem of corruption is the failure of the law-enforcement authorities to act.

"The juke-box and coin-machine business points it up quite clearly. Here's one of our big industries, in the billion-dollar class and it's honeycombed with gangsters and thugs operating with the connivance of greedy business men and with the cognizance of the law-enforcement authorities.

"It is quite obvious that the real answer to corruption, whether in unions or anywhere else, is better law enforcement.

"Nobody runs to the American Bankers Association every time a cashier defaults or somebody on the inside robs a bank—they expect the local district attorney to handle that.

"When companies engage in business frauds, nobody runs to the Chamber of Commerce or the National Association of Manufacturers and says, 'What are you going to do about law enforcement?' No, they expect the local district attorney to do it."

This correspondent read the foregoing quotation to Sen. McClellan and asked him for his opinion on it. The Arkansas senator said:

"They say they do not have the power, and that is correct. They can't stop a Hoffa. That's why laws are needed. If they had the power, and would be diligent in exercising it, we probably wouldn't need additional laws, or so many laws. But they cannot deal with people like Hoffa, and it's imperative that we enact laws to at least curb —you never completely prevent crime of any kind.

"Q. I wonder why the local district attorneys haven't done more on this?

"A. I think the simple answer to that is, politics. They control—just like they control an industry or control an operation. They have the political power where they often control the people in public office.

"Q. You mean the unions do?

"A. Sure. Or the union racketeers—that element in them. There's no question about that."

All this points up to the fact that labor unions are not at all analogous to trade associations or groups of businesses. The labor unions have a monopoly power. They get it out of existing laws and also out of the refusal of Congress to include labor unions as within the jurisdiction of anti-monopoly or antitrust laws.

Labor unions have not only a monopoly power in being able to fix wages in an entire industry but they have a monopoly power with respect to memberships. In some lines, they can prevent an applicant from getting a job. They can force a member out of a union through various devices and deprive him of his means of livelihood.

This type of potential coercion makes it difficult for anyone who is aware of corruption to give testimony to the law-enforcement authorities for fear of punishment by union officials. No such power over the individual is held by any other trade organization or private association of any kind.

Obviously it is the duty of states to preserve order and punish crimes within their borders. But when wrongdoing is of an interstate character—and virtually all the unions have been placed under interstate commerce by acts of Congress and by judicial decisions—it would appear that ultimately federal legislation will be necessary. In fact, several years ago Congress enacted the first of its anti-racketeering statutes and these have never been held to be an improper exercise of federal authority.

Coffee Breakers

By Truman Twill

There are rumors about the return of the nickel cup of coffee, because wholesale coffee prices in Brazil are sagging.

The rumors will cause some employers in this country to think about jumping out the window. As far as they're concerned, the only good thing that could happen to coffee would be to charge 50 cents a cup for the stuff, the way they do in posh clip-joints where the idea is to make the customers avoid it.

In no other way, aside from drastic action that might fracture employer - employe relations beyond repair, is there any chance of minimizing that genial form of business sabotage known as the coffee break.

We met a gentlemen a few weeks ago who helps to make policy about office management for a large and well known concern whose offices recently have been moved into a new building.

He said one of the main advantages of the move was going to be the chance to get rid of the coffee break.

As long as the employes were in the old building any change would have been resented, he pointed out. But by transferring them to a new building it would be possible to make a procedural change in connection with the new environment and minimize the possibility of resentment.

Instead of letting hundreds of employes go to seek coffee one at a time, thereby disrupting the whole operation, this farsighted organization is going to bring the coffee to the customers from now on.

It hopes by this ruse to save hundreds of thousands of dollars of time each year — time it has been paying for but not getting any use of because its employes were absent in search of a stimulating beverage.

From now on, they'll drink their coffee where they are. Escapism as a way of office existence will be outlawed. The massive coffee break will be broken up into such small pieces the cost accountant will never notice the difference.

It set me to thinking about the beer break we took that summer during the prohibition era. The boss was paying us for unloading carloads of lumber on a siding. The speakeasy was on the other side of the tracks and up one block.

Whenever it was time for a cooler, one of the stiffs who could whistle a shrill blast with his fingers would go to the speakeasy side of the boxcar and summon Tony, the proprietor.

A few minutes later he would stroll down the main track with his bartender's apron draped over a fistful of beer mugs. He never spilled a drop.

He would wait for the empties, and he never had to wait long. This, remember, was prohibition and no one dawdled over an illicit act committed in broad daylight. We'd slurp down the yeasty brew like good fellows and spend the next 30 minutes rumbling and percolating like radiators.

Not a minute was wasted. No one left the job to go seeking his stimulant. It was so important to keep a bad break from spoiling a good thing that everybody kept working, letting one man pause at a time to choke down a mugful of cold beer.

It might work better if coffee were to be made illicit, then winked at, the way alcoholic beverages were winked at when the Volstead Act was in force. It would make the coffee break more fun than ever and about a hundredth as long. No one could take an outside coffee break, moreover, without accreditation from "Joe."

During the last 10 years motor travel in the United States has nearly doubled.

Charters, Money Are Chief Items Before School Board

COLUMBUS, Ohio (AP)—It was an old story for the State Board of Education at its monthly meeting Monday—school charters and money.

Five temporary charters were revoked, six were continued and five schools were granted charters. On the financial side, the board approved a report to State Finance Director James H. Maloon calling for an appropriation of $5,450,000 the board says is needed to make school foundation program payments next month.

Charters were revoked for Lore City Local School in Guernsey County, South Bloomfield Local in Morrow County and Greene, Johnston and Mecca high schools in Trumbull County. All are effective at the end of the present school year except for Mecca which will close at the end of the 1960 year.

E. E. Holt, state superintendent of public instruction, recommended the revocations because of failure of the schools to meet minimum state standards.

Revocation action on the charter for Quincy High School in Logan County was deferred to the May meeting. The board said it has been told that a proposed reorganization plan might be harmed if Quincy is closed.

Temporary charters were continued for Bennington in Morrow County, Miami Trace in Fayette County, York and Hoaglin-Jackson in Van Wert County, Hannan Trace in Gallia County and Black River in Medina County.

Charters were granted to Wapakoneta High School, Lincoln Heights High School, Barnesville High School, Beaver Local High School in Columbiana County and Licking Valley High School in Licking County.

The board approved payment of $11 to each city, county and exempted village school district for each approved classroom-teacher unit in science, mathematics and modern foreign languages. Local districts will be required to match the amounts received. The plan is designed to better the instruction in those fields.

In other action, the board:

Approved until June 30, 1960, authorization for Malone College of Canton to give courses leading to the bachelor degree.

Approved the continuance of a $25,000 bond issue for Shiloh Local School District in Richland County even though the district has consolidated with the Plymouth Local School District.

Approved the transfer of a portion of East Hocking School District in Hocking County to the Logan City District.

Postponed to the May meeting action on a Fayette County petition requesting the reorganization of the two districts in that county —Washington Court House and Miami Trace.

Possible Lead For Vaccine Against Leprosy Is Reported

By FRANK CAREY
Associated Press Science Writer

ATLANTIC CITY, N.J. (AP)—A possible lead towards developing a long-sought vaccine against leprosy — one of man's oldest scourges—was reported today.

A government researcher announced successful growth in test tube tissue culture of bacteria which causes leprosy in rats. He indicated that this might open one way to:

1. Producing a vaccine against the rat disease.

2. Perhaps ultimately developing a vaccine against the human malady.

Dr. Y. T. Chang, of the National Institute of Arthritis and Metabolic Diseases and the American Leprosy Foundation, gave this outline in a report to the 43rd annual meeting of the Federation of American Societies for Experimental Biology:

The bacillus that causes human leprosy is one of the wiliest and most elusive organisms of the germ world.

For many years, he said, researchers have attempted to maintain growth of the organism outside its natural host, the human body. Though it grows vigorously inside the body, it stops multiplying and soon dies if placed in an artificial environment.

Attempts to grow rat leprosy germs outside the livjng animal body have, until now, been tough.

Chang has come up with a cell culture in which the number of germs has increased seven times in seven weeks.

This is still not as fast as the germ multiplies inside the body, so attempts are being made to step up the rate.

If these attempts are successful, said Chang, it may be possible to produce a vaccine against rat leprosy just as the polio vaccine is produced from large cultures of polio virus. Such a vaccine might point the way to a similar preventive for the human disease.

Woman Cites P&G Co. In $200,000 Suit

EVANSVILLE, Ind. (AP) — An Evansville waitress has filed a $200,000 damage suit in U.S. District Court here against the Procter & Gamble Co. of Cincinnati, charging the firm was "negligent and careless."

Mrs. Ida Belle Powell, 37, charged Monday there was a sharp object in a box of the company's detergent which she purchased July 15, 1957. She said she cut her finger on the object and it had to be amputated after becoming infected.

The suit contended the amputation reduced her earning power as a waitress.

Assailants Wound Man Despite Leap Through Window

CLEVELAND (AP) — Clarence Virgil (Sunny) Coleman leaped through a window at a private home to escape gunfire early today but was wounded by unidentified assailants.

The 35-year-old Coleman, who has served prison terms for possession and sale of narcotics, was reported in fair condition at a hospital with three bullet wounds in his abdomen.

Coleman had been questioned recently in connection with a bullet police said was fired at Alex (Shondor) Birns March 19.

Birns, called by police the city's top racket figure, was picked up for questioning in connection with the Coleman shooting.

Coleman told detectives a white man and a Negro fired at him then fled in a car.

Residents nearby reported hearing five shots.

Coleman leaped through a porch window at a friend's residence and managed to call police.

High Court Will Study Children's Home Price

The $898,000 price tag placed on the Jefferson County Children's home 18 months ago by a jury in Common Pleas Court at Steubenville is scheduled for review Wednesday at 9 a. m. by the State Supreme Court on an appeal of the State Highway Department, which razed the building for a four-lane extension of Route 7.

The home at Yellow Creek was appropriated by the Highway Department. The money awarded by the jury is being held in escrow pending disposition of the highway director's appeal of the case.

Bernard T. McCann, Jefferson County prosecutor, and Carl W. Weinman, special counsel, will represent the county at the hearing. Wards of the county are being kept temporarily at the Harrison County children's home at Cadiz.

Air Force Probes Fatal Jet Plane Blast

IRONTON, Ohio (AP) — Air Force investigators today are probing the scattered pieces of a T33 jet trainer that suddenly exploded in mid-air near here, killing its pilot.

The victim was Capt. William J. Sparks, 35, a senior pilot at Andrews Air Force Base near Washington, D. C. Sparks was a native of Marion, Va.

The plane, en route from Scott AFB in Illinois to Andrews, exploded over eastern Lawrence County, scattering pieces of wreckage over several acres near Miller, about 26 miles east of here.

Mrs. F. B. Ramey, whose husband operates a store here, said the plane exploded and crashed to earth like a "ball of fire."

The raccoon is generally acknowledged as the cleanest of animals.

288% INCREASE
in steelworkers' wages and benefits in 18 years

30% increase in shipments per man-hour worked

Steelworkers' wages and employment benefits paid for by their employers have increased 288 percent in the last 18 years.

Earnings of the men who make steel are at the top level for all industry.

Also those steelworkers' earnings have increased *faster* than the average workers'.

But shipments of finished steel products per man-hour worked have not increased at any such pace – even with the help of billions of dollars worth of improved equipment and processes installed by the steel companies. In the last 18 years steel shipments per man-hour worked have gone up only 30 percent.

Unfortunately this tremendous and growing gap between shipments and wages is *inflation.*

The big job for everybody is to help close the gap, not widen it. Until that is done nobody can win the fight against inflation.

The American Iron and Steel Institute brings you this message from the steel industry because

Inflation robs us all

Revocation action on the charter for Quincy High School in Logan County was deferred to the May meeting. The board said it has been told that a proposed reorganization plan might be harmed if Quincy is closed.

Temporary charters were continued for Bennington in Morrow County, Miami Trace in Fayette County, York and Hoaglin-Jackson in Van Wert County, Hannan Trace in Gallia County and Black River in Medina County.

Charters were granted to Wapakoneta High School, Lincoln Heights High School, Barnesville High School, Beaver Local High School in Columbiana County and Licking Valley High School in Licking County.

The board approved payment of $11 to each city, county and exempted village school district for each approved classroom-teacher unit in science, mathematics and modern foreign languages. Local districts will be required to match the amounts received. The plan is designed to better the instruction in those fields.

In other action, the board:

Approved until June 30, 1960, authorization for Malone College of Canton to give courses leading to the bachelor degree.

Approved the continuance of a $25,000 bond issue for Shiloh Local School District in Richland County even though the district has consolidated with the Plymouth Local School District.

Approved the transfer of a portion of East Hocking School District in Hocking County to the Logan City District.

Postponed to the May meeting action on a Fayette County petition requesting the reorganization of the two districts in that county —Washington Court House and Miami Trace.

Assailants Wound Man Despite Leap Through Window

CLEVELAND (AP) — Clarence Virgil (Sunny) Coleman leaped through a window at a private home to escape gunfire early today but was wounded by unidentified assailants.

The 35-year-old Coleman, who has served prison terms for possession and sale of narcotics, was reported in fair condition at a hospital with three bullet wounds in his abdomen.

Coleman had been questioned recently in connection with a bullet police said was fired at Alex (Shondor) Birns March 19.

Birns, called by police the city's top racket figure, was picked up for questioning in connection with the Coleman shooting.

Coleman told detectives a white man and a Negro fired at him then fled in a car.

Residents nearby reported hearing five shots.

Coleman leaped through a porch window at a friend's residence and managed to call police.

High Court Will Study Children's Home Price

The $898,000 price tag placed on the Jefferson County Children's home 18 months ago by a jury in Common Pleas Court at Steubenville is scheduled for review Wednesday at 9 a. m. by the State Supreme Court on an appeal of the State Highway Department, which razed the building for a four-lane extension of Route 7.

The home at Yellow Creek was appropriated by the Highway Department. The money awarded by the jury is being held in escrow pending disposition of the highway director's appeal of the case.

Bernard T. McCann, Jefferson County prosecutor, and Carl W. Weinman, special counsel, will represent the county at the hearing. Wards of the county are being kept temporarily at the Harrison County children's home at Cadiz.

Air Force Probes Fatal Jet Plane Blast

IRONTON, Ohio (AP) — Air Force investigators today are probing the scattered pieces of a T33 jet trainer that suddenly exploded in mid-air near here, killing its pilot.

The victim was Capt. William J. Sparks, 35, a senior pilot at Andrews Air Force Base near Washington, D. C. Sparks was a native of Marion, Va.

The plane, en route from Scott AFB in Illinois to Andrews, exploded over eastern Lawrence County, scattering pieces of wreckage over several acres near Miller, about 26 miles east of here.

Mrs. F. B. Ramey, whose husband operates a store here, said the plane exploded and crashed to earth like a "ball of fire."

The raccoon is generally acknowledged as the cleanest of animals.

Possible Lead For Vaccine Against Leprosy Is Reported

By FRANK CAREY
Associated Press Science Writer

ATLANTIC CITY, N.J. (AP)—A possible lead towards developing a long-sought vaccine against leprosy — one of man's oldest scourges—was reported today.

A government researcher announced successful growth in test tube tissue culture of bacteria which causes leprosy in rats. He indicated that this might open one way to:

1. Producing a vaccine against the rat disease.

2. Perhaps ultimately developing a vaccine against the human malady.

Dr. Y. T. Chang, of the National Institute of Arthritis and Metabolic Diseases and the American Leprosy Foundation, gave this outline in a report to the 43rd annual meeting of the Federation of American Societies for Experimental Biology:

The bacillus that causes human leprosy is one of the wiliest and most elusive organisms of the germ world.

For many years, he said, researchers have attempted to maintain growth of the organism outside its natural host, the human body. Though it grows vigorously inside the body, it stops multiplying and soon dies if placed in an artificial environment.

Attempts to grow rat leprosy germs outside the livjng animal body have, until now, been tough.

Chang has come up with a cell culture in which the number of germs has increased seven times in seven weeks.

This is still not as fast as the germ multiplies inside the body, so attempts are being made to step up the rate.

If these attempts are successful, said Chang, it may be possible to produce a vaccine against rat leprosy just as the polio vaccine is produced from large cultures of polio virus. Such a vaccine might point the way to a similar preventive for the human disease.

Woman Cites P&G Co. In $200,000 Suit

EVANSVILLE, Ind. (AP) — An Evansville waitress has filed a $200,000 damage suit in U.S. District Court here against the Procter & Gamble Co. of Cincinnati, charging the firm was "negligent and careless."

Mrs. Ida Belle Powell, 37, charged Monday there was a sharp object in a box of the company's detergent which she purchased July 15, 1957. She said she cut her finger on the object and it had to be amputated after becoming infected.

The suit contended the amputation reduced her earning power as a waitress.

John Adams was the only president who lived to see his son also become a president.

288% INCREASE
in steelworkers' wages and benefits in 18 years

30% increase in shipments per man-hour worked
Steelworkers' wages and employment benefits paid for by their employers have increased 288 percent in the last 18 years.
Earnings of the men who make steel are at the top level for all industry.
Also those steelworkers' earnings have increased *faster* than the average workers'.
But shipments of finished steel products per man-hour worked have not increased at any such pace – even with the help of billions of dollars worth of improved equipment and processes installed by the steel companies. In the last 18 years steel shipments per man-hour worked have gone up only 30 percent.
Unfortunately this tremendous and growing gap between shipments and wages is *inflation*.
The big job for everybody is to help close the gap, not widen it. Until that is done nobody can win the fight against inflation.
The American Iron and Steel Institute brings you this message from the steel industry because
Inflation robs us all

PTA Federation Inducts Officers

Mrs. G. Richard Jones, center, new president, is shown with the officers following installation at the meeting of the City Federation of Parent-Teacher Organizations Monday night at Westgate School Library.

Left to right, they are Mrs. Ray Diddle, treasurer; Mrs. Jones, and Mrs. Donald Alexander, secretary. Standing are Clarence Powell, vice president, and Austen Moore, board member, shown posed in the library.

Judge Raymond S. Buzzard conducted the installation ceremony after the slate was elected. Mrs. Edward Deer, chairman, presented the report of the nominating committee.

Mrs. Nelson Wright gave a summary of the meetings of the past term and announced schools now affiliated with the National Congress are Glenmoor, La-Croft, Westgate, Pleasant Heights and Lincoln.

Reports were given by Mrs. Alexander, secretary and Mrs. Ruth Armstrong, retiring treasurer.

Plans are incomplete for the joint sponsorship with the Child Counseling Center of a citywide meeting in the fall.

Members participated in a "suggestion session" when improvements for attendance and programs were discussed.

Mrs. Lester Hall, retiring president, thanked the officers and committee members for their co-operation in her administration.

Refreshments were served in the school cafeteria by Mrs. Marvin Kinsey, chairman, Mrs. Donald Baxter and Mrs. Kenneth Bjers.

Meetings will be resumed in October.

Arizona was admitted as a state on Feb. 14, 1912.

Unity's Oldest Resident Dies

EAST PALESTINE — William H. Felger, 91, of 185 S. Market St. died this morning at 2 at the Gregg Nursing Home at Salem, where he had been a patient for 3 weeks.

One of Unity Township's oldest residents, he suffered a fractured hip in a fall at home a few months ago, and had been at the Youngstown South Side Hospital before transfer to the nursing home.

A son of David and Sara Stump Felger, he was born in Unity Township May 31, 1868. In 1893, he was married to the former Helen Weber who died in 1951.

Mr. Felger, a farmer, was also an employe of the former McGraw Tire & Rubber Co., and later worked as a painter. He retired in 1951.

He was affiliated with the Presbyterian Church and was a member of the Eagles Lodge.

Survivors include a daughter, Mrs. Florence Johnston of Columbiana; two sons, Raymond Felger of Canonsburg, and Earl Felger of Romaland, Calif., and six grandchildren and 20 great-grandchildren.

Services will be held Thursday afternoon at 2 at the VanDyke Funeral Home by the Rev. Chalmers Goshorn of the Presbyterian Church. Burial will be in Salem Reformed Church at Unity.

Friends may call Wednesday night at the funeral home.

Roy J. Smith

Roy Joseph Smith, 1842 Michigan Ave., retired employe of the Crucible Steel Co. and flower grower, died Monday at 6:15 p. m. at City Hospital, where had been a patient since April 6. He was 76.

Mr. Smith was born Nov. 8, 1882, at Smiths Ferry, a son of the late Joseph and Myrtle Rayl Smith, a pioneer family of the community. He had resided in East Liverpool over 55 years.

He was a member of the Boyce Methodist Church. Mr. Smith had been employed at Crucible 49 years before retiring in 1957. He was a rougher. He also was a member of the East Liverpool Dahlia and Floral Society, having served for many years as a director.

Surviving are a son, Burdette Smith of Wellsville; three sisters, Mrs. Ethel Einsell of Canton, Mrs. Myrtle Comer of Sebring and Mrs. Susan Kelly of Pasadena, Calif.; a brother, Charles Smith of Sebring and two grandchildren and a great-grandchild. His wife, Mrs. Inez Latta Smith, died Feb. 18, 1953.

Services will be held Thursday at 2 p. m. at the MacLean Funeral Home in Wellsville by the Rev. Gail McQueen. Burial will be at Riverview Cemetery.

Friends may call at the funeral home Wednesday afternoon and evening.

has been autocratic in guiding GOP policies and programs, deterring younger men from becoming active in the party. He asks for explanations of some recent executive procedures, and why there has been no general meeting to discuss the causes of the party losses in November.

One top party spokesman today said Hunston has previously sought publicity to keep his name in the newspapers, and went against party planning last year in coming out in the primary against Paul Baxter.

However, there has been evidence in other parts of the county that a more energetic leadership is required in the upper party echelons, and more than a few GOP leaders are sympathetic with Hunston's view points.

McSweeney said this morning no date has been set for an executive committee meeting, but one will be called before the May primary.

Inquiry Slated In Rifle Death

NEW CUMBERLAND — A six-member coroner's jury will hold an inquest tonight into the death of a 62-year-old Ridge Rd. man from a rifle wound Monday afternoon at 1:45 at his trailer home.

Authorities believe that Mike Macek, a retired Weirton Steel Co. riverdock employe, stumbled on the steps of his trailer and was killed when his .22-caliber rifle accidentally discharged.

The coroner's jury was impaneled Monday night by Squire John D. Herron, acting coroner of Hancock County. The panel includes Theodore Turley, Elmer Bailey, Clifford Prosser, Paul Wigner, Richard Manypenny and John Roefaro.

Authorities said the charge from the gun entered the lower left side of the victim's body.

Born Sept. 2, 1896, in Pittsburgh, Mr. Macek was a resident of the New Cumberland area about 55 years. He was a son of the late John and Mary Martinkovic Macek.

He was a member of the Immaculate Conception Church of New Cumberland, the Holy Name Society, and PRCU Lodge 791 and PNA Lodge 2090, both of Weirton.

His wife preceded him in death. He leaves three daughters, Mrs. Jessie Kelley of Paris, Pa., Mrs. Elizabeth Orth of London, England, and Mrs. Anna Humes of New Cumberland; two sons, Mike Macek Jr. of R. D. 1, and Andy Macek of R. D. 2; two sisters, Mrs. Anna Zinka of R. D. 2, and Mrs. Mary Ravorio of Lisbon, and 16 grandchildren.

Services will be held Friday at 10 a. m. at the church by Fr. Innocent Koncnik. Burial will be in New Cumberland Cemetery. Friends may call any time at the Stewart & Turley Funeral Home.

Wells

(Continued from Page One)

loss of $100,000 a day in wages for workers in the 12 affected plants, Wells added.

The text of his statement follows:

"The statement of a union official in yesterday's Review 'that the conference deadlocked because of an ultimatum laid down at the opening session by the USPA' is pure nonsense and a deliberate misstatement of facts.

"First, the ultimatum was not issued at our first session, but after we had discussed for more than two days proposed provisions covering seniority and grievance procedure. When the union committee presented us with a proposed change from present grievance procedure, whereby any dispute that had reached the standing committee and was not resolved by then, could be sent to arbitration only with the approval of both sides, we disagreed.

"Second, only then did we advise them we could sign no agreement without a compulsory arbitration provision after standing committee disagreement. Such a provision has not only been in every wage agreement between the USPA and the IBOP for the past 30 years, but also appears in every other agreement of which we have any knowledge between the IBOP and any employer both in and out of the dinnerware field.

"Third, the union committee definitely agreed with us on a mandatory arbitration provision that appears at present in their wage agreement with four companies manufacturing vitrified china. It was understood this provision would appear in our new agreement only if we reached agreement on all other matters before us.

"The conference broke up on just one point, our inability to meet the union demands for a wage increase and for substantial increases in present fringe benefits together with the addition of new fringes.

"We presented figures covering the operation of all of our semi-vitreous plants showing a net loss covering such operations for the past five years and a net loss for 1958 operations amounting to more than $900,000.

"A price increase to our customers to cover such losses plus the cost of a wage increase could only result in a disastrous loss of business under present competitive conditions.

"In these circumstances, our offer to continue the present contract till Oct. 1 could only be to the benefit of our employes. The strike starting tonight at midnight will mean the loss to our employes of more than $100,000 per day in wages.

"'Many large contracts our members now have with premium users will be broken, with only remote possibilities they will be renewed should the strike last more than a few days."

Firemen To Continue Training In First Aid

The second class of a first aid training course being held by the Liverpool Township, West, Volunteer fire department will be held tonight at 7 at the LaCroft station.

Twenty firemen are enrolled. Bernard Shone is the instructor. The course will require 10 hours to complete with each class 2½ hours. The classes will be held each Tuesday night until the course is completed.

Check Charge Names Key In Police Cases

The young man who triggered the so-called police burglary scandal in the spring of 1956 is back in jail again in East Liverpool, accused of persuading a 16-year-old girl friend to forge a $50 check on her father's bank account.

George Alfred Bontempt, 25, who gave his address as Box 643, Salineville, is awaiting a Municipal Court hearing on a forgery charge. Police Chief Americo J. Radeschi said Bontempt is accused of cashing a check made out in his name at the Potters Bank & Trust Co. after Bontempt's girl friend had forged the check on her father's account.

The check allegedly was passed March 16. Bontempt was taken into custody early Monday afternoon. Radeschi said the girl is scheduled for a Juvenile Court hearing at Lisbon, probably Thursday.

Admissions made by Bontempt in early 1956 in connection with the theft and sale of a shotgun pointed the finger of suspicion at Dallas Bishop, then a special officer. After Bishop's arrest, authorities put in motion an investigation that led to burglary charges against five other regular officers and another special patrolman.

Club To Hear Banker

LISBON — J. D. McClain of Cleveland, trust officer for the Central National Bank, will be the guest speaker at the meeting of the Kiwanis Club Thursday noon at the Pythian Sisters dininghall. Pete Gallo is program chairman.

Strike

(Continued from Page One)

announced it would seek a "substantial" pay increase and other benefits.

The conference on reopening of the contract got under way April 7 at 2 p. m. in the Carlton House Hotel at Pittsburgh. The USPA was represented by its labor committee, while the IBOP was represented by its Executive Board and international wage conference committee, made up of spokesmen elected by local unions.

Federal Mediator George Woomer of the Pittsburgh regional office of the U. S. Labor Department was called into the negotiations yesterday morning in an attempt to keep the conference in session and avert a strike.

Meanwhile, the union said it would break off contract relations with the USPA unless a settlement satisfactory to both sides was worked out by midnight tonight. Neither side revealed what concessions the union sought, although a Pittsburgh source said the IBOP asked a 40-cent raise "for bargaining purposes."

The IBOP said the international wage conference committee was unanimous in its action.

The union said the USPA's proposal yesterday to extend the current contract to Oct. 1 was followed by another in which the management group said it might be possible to extend the working agreement for a year and [illegible] for a small wage increase provided the dinnerware plants could show a profit.

The IBOP added that its members have had only two wage increases since 1952. After the break-off in negotiations yesterday afternoon, the IBOP group met privately last night.

"First, the ultimatum was not issued at our first session, but after we had discussed for more than two days proposed provisions covering seniority and grievance procedure. When the union committee presented us with a proposed change from present grievance procedure, whereby any dispute that had reached the standing committee and was not resolved by then, could be sent to arbitration only with the approval of both sides, we disagreed.

"Second, only then did we advise them we could sign no agreement without a compulsory arbitration provision after standing committee disagreement. Such a provision has not only been in every wage agreement between the USPA and the IBOP for the past 30 years, but also appears in every other agreement of which we have any knowledge between the IBOP and any employer both in and out of the dinnerware field.

"Third, the union committee definitely agreed with us on a mandatory arbitration provision that appears at present in their wage agreement with four companies manufacturing vitrified china. It was understood this provision would appear in our new agreement only if we reached agreement on all other matters before us.

"The conference broke up on just one point, our inability to meet the union demands for a wage increase and for substantial increases in present fringe benefits together with the addition of new fringes.

"We presented figures covering the operation of all of our semi-vitreous plants showing a net loss covering such operations for the past five years and a net loss for 1958 operations amounting to more than $900,000.

"A price increase to our customers to cover such losses plus the cost of a wage increase could only result in a disastrous loss of business under present competitive conditions.

"In these circumstances, our offer to continue the present contract till Oct. 1 could only be to the benefit of our employes. The strike starting tonight at midnight will mean the loss to our employes of more than $100,000 per day in wages.

"'Many large contracts our members now have with premium users will be broken, with only remote possibilities they will be renewed should the strike last more than a few days."

GOP

has been autocratic in guiding GOP policies and programs, deterring younger men from becoming active in the party. He asks for explanations of some recent executive procedures, and why there has been no general meeting to discuss the causes of the party losses in November.

One top party spokesman today said Hunston has previously sought publicity to keep his name in the newspapers, and went against party planning last year in coming out in the primary against Paul Baxter.

However, there has been evidence in other parts of the county that a more energetic leadership is required in the upper party echelons, and more than a few GOP leaders are sympathetic with Hunston's view points.

McSweeney said this morning no date has been set for an executive committee meeting, but one will be called before the May primary.

Contract Awarded

SANDUSKY, Ohio (AP)—A contract has been awarded for a new bath house at Cedar Point, the G. A. Boeckling Co., operators of the resort spot, said Monday. The one-story, $150,000 beach bath house will be built by Mosser Construction Co., Fremont, with Brandenburg and Switzer, Middletown as architects.

Check Charge Names Key In Police Cases

The young man who triggered the so-called police burglary scandal in the spring of 1956 is back in jail again in East Liverpool, accused of persuading a 16-year-old girl friend to forge a $50 check on her father's bank account.

George Alfred Bontempt, 25, who gave his address as Box 648, Salineville, is awaiting a Municipal Court hearing on a forgery charge. Police Chief Americo J. Radeschi said Bontempt is accused of cashing a check made out in his name at the Potters Bank & Trust Co. after Bontempt's girl friend had forged the check on her father's account.

The check allegedly was passed March 16. Bontempt was taken into custody early Monday afternoon. Radeschi said the girl is scheduled for a Juvenile Court hearing at Lisbon, probably Thursday.

Admissions made by Bontempt in early 1956 in connection with the theft and sale of a shotgun pointed the finger of suspicion at Dallas Bishop, then a special officer. After Bishop's arrest, authorities put in motion an investigation that led to burglary charges against five other regular officers and another special patrolman.

Club To Hear Banker

LISBON — J. D. McClain of Cleveland, trust officer for the Central National Bank, will be the guest speaker at the meeting of the Kiwanis Club Thursday noon at the Pythian Sisters dininghall. Pete Gallo is program chairman.

Strike

(Continued from Page One)

announced it would seek a "substantial" pay increase and other benefits.

The conference on reopening of the contract got under way April 7 at 2 p. m. in the Carlton House Hotel at Pittsburgh. The USPA was represented by its labor committee, while the IBOP was represented by its Executive Board and international wage conference committee, made up of spokesmen elected by local unions.

Federal Mediator George Woomer of the Pittsburgh regional office of the U. S. Labor Department was called into the negotiations yesterday morning in an attempt to keep the conference in session and avert a strike.

Meanwhile, the union said it would break off contract relations with the USPA unless a settlement satisfactory to both sides was worked out by midnight tonight. Neither side revealed what concessions the union sought, although a Pittsburgh source said the IBOP asked a 40-cent raise "for bargaining purposes."

The IBOP said the international wage conference committee was unanimous in its action.

The union said the USPA's proposal yesterday to extend the current contract to Oct. 1 was followed by another in which the management group said it might be possible to extend the working agreement for a year and [illegible] for a small wage increase provided the dinnerware plants could show a profit.

The IBOP added that its members have had only two wage increases since 1952. After the break-off in negotiations yesterday afternoon, the IBOP group met privately last night.

Program On Conservation Held By DAR In Wellsville

The far sightedness and plans a former President had for conservation were emphasized by Mrs. George Fraser when the Bethia Southwick Chapter of the Daughters of the American Revolution met Friday night in the home of Mrs. Florence Haugh of Main St., Wellsville.

In her review of "The Roosevelts of Sagamore Hills" (Hagedorn), Mrs. Fraser gave a glimpse into their home life, Teddy Roosevelt's political life and his love for nature.

Also in observance of "Conservation Month," Mrs. Alva Dickey, conservation chairman, read a paper "Importance of the Preservation of Natural Resources," which she prepared. Mrs. Isabel Hart displayed a group of campaign and other Roosevelt buttons from her collection.

Highlights from the state conference at Columbus in March were given by Mrs. Carolyn Vogel, regent, and Mrs. Clarence Green. A map showing the redistricting of Ohio chapters from five into six was viewed by the members. The Bethia Southwick Chapter has been placed into the Central East, comprised of 16 counties and 23 chapters with Mrs. Edwin Myers of Canton as the newly elected district director.

A letter from Mrs. Ruth Bronson, committee worker for the San Carlos Apache Indians at Bylas, Ariz., thanking the group for new and used clothing, was read by Mrs. Fraser, corresponding secretary. The letter said new clothing had been given as gifts and that $31 was realized from a rummage sale with proceeds to be used for child care.

Mrs. Vogel, regent, conducted the ritual. Mrs. Dwight MacLean, chaplain, used portions of Sam. 3 and Ps. 121 for Scripture, followed by the state chaplain's prayer for the month. The singing of the national anthem followed the flag salute.

A centerpiece of pink and white carnations was used on the buffet table and the hostess was assisted by Mrs. George Naylor and Mrs. MacLean.

The meeting May 9 will be at the Green home on Homestead Heights in Calcutta.

Lunch was served to 19 by Mr. and Mrs. John Craig.

The next meeting will be May 8 at the church. Hostesses will be Mrs. Alice Russell and Mrs. Double.

The double-ring ceremony was performed April 6 by the Rev. Robert A. Whitten, pastor of the Christian Church, in Winchester, Va.

Following a honeymoon to Washington, the couple is residing in a newly furnished apartment in Alliance, where the bridegroom is employed by H. L. Myers Service.

The bride was graduated from Wellsville High School with the Class of 1956. The bridegroom, son of Mr. and Mrs. Russell Bowers of Alliance, attended Louisville High School.

Program On Conservation Held By DAR In Wellsville

The far sightedness and plans a former President had for conservation were emphasized by Mrs. George Fraser when the Bethia Southwick Chapter of the Daughters of the American Revolution met Friday night in the home of Mrs. Florence Haugh of Main St., Wellsville.

In her review of "The Roosevelts of Sagamore Hills" (Hagedorn), Mrs. Fraser gave a glimpse into their home life, Teddy Roosevelt's political life and his love for nature.

Also in observance of "Conservation Month," Mrs. Alva Dickey, conservation chairman, read a paper "Importance of the Preservation of Natural Resources," which she prepared. Mrs. Isabel Hart displayed a group of campaign and other Roosevelt buttons from her collection.

Highlights from the state conference at Columbus in March were given by Mrs. Carolyn Vogel, regent, and Mrs. Clarence Green. A map showing the redistricting of Ohio chapters from five into six was viewed by the members. The Bethia Southwick Chapter has been placed into the Central East, comprised of 16 counties and 23 chapters with Mrs. Edwin Myers of Canton as the newly elected district director.

A letter from Mrs. Ruth Bronson, committee worker for the San Carlos Apache Indians at Bylas, Ariz., thanking the group for new and used clothing, was read by Mrs. Fraser, corresponding secretary. The letter said new clothing had been given as gifts and that $31 was realized from a rummage sale with proceeds to be used for child care.

Mrs. Vogel, regent, conducted the ritual. Mrs. Dwight MacLean, chaplain, used portions of Sam. 3 and Ps. 121 for Scripture, followed by the state chaplain's prayer for the month. The singing of the national anthem followed the flag salute.

A centerpiece of pink and white carnations was used on the buffet table and the hostess was assisted by Mrs. George Naylor and Mrs. MacLean.

The meeting May 9 will be at the Green home on Homestead Heights in Calcutta.

Lunch was served to 19 by Mr. and Mrs. John Craig.

Mother And Daughter Party Attracts 100 To City Church

Some 100 attended the annual mother-daughter party sponsored by the WSCS Friday night in the social rooms of the Orchard Grove Community Methodist Church.

A spring theme predominated, with flowers and a picket fence decorating the rooms. Baskets of pussy willows and forsythia were suspended from the ceiling lights. The buffet table was covered with a light green cloth and centered with a large bird cage with life-size birds. Miniature honey bees on candles were in white milk-glass holders completeing the setting.

Mrs. Frank Hopper, president, extended the welcome and led the group in prayer.

Mrs. Richard Estell directed group singing of a song, "Be Happy," to the tune of "Auld Lang Syne," with Mrs. James Walker as accompanist. Mrs. Pearl Hull read a poem written by Mrs. Chleo Goodman, "Toast to Mothers." Another poem, "To Mothers," was read by Nancy Doland.

Mrs. William Gibbs and daughter, Dianne Hornbecker, dressed as a couple of hobos, did a novelty song and dance number, "We're a Couple of Swells," accompanied by Mrs. John Hales.

Becky Hales recited a poem, "Grandma" (Guest), Deborah Banfield presented piano solos entitled, "Blue Danube" and "Climbing." All the children sang "The Children's Marching Song."

The "Creek and Rollers Orchestra," members of the Mina Brokaw Circle, played numbers on homemade instruments of pots and pans, under the direction of Mrs. William Blakeley with Mrs. Walker as accompanist. Mrs. Estell sang, "Under the Crust of an Old Apple Pie" and led the closing parody for the group, "We've Had a Real Good Time," to the tune of the "Howdy Doody song."

Mrs. James Gardner made the following awards: Barbara Jo Hales, 3-month daughter of Mrs. George Hales, youngest baby present; Mrs. Leroy Board, the youngest mother; Mrs. Albert Dunn, youngest grandmother; Mrs. Charles Rippeth and Mrs. Paul Glunt, most daughters present—each had three—and Mrs. Lee Cooper, oldest grandmother.

The awards were small parasols made from handkerchiefs edged in tatting by Mrs. Carlos Deemer.

Mrs. Fred Banfield, Mrs. Homer Richey and Mrs. Deemer, circle chairmen, read the names of the new members of their circles.

Committee chairmen for the event were: Mrs. Banfield, program; Mrs. Gardner, awards; Mrs. Ralph Badgley, welcoming; Mrs. John Smith, refershment; Mrs. Joseph Cooper, decorating, and Mrs. Paul Jones, invitation.

Mother And Daughter Party Attracts 100 To City Church

Some 100 attended the annual mother-daughter party sponsored by the WSCS Friday night in the social rooms of the Orchard Grove Community Methodist Church.

A spring theme predominated, with flowers and a picket fence decorating the rooms. Baskets of pussy willows and forsythia were suspended from the ceiling lights. The buffet table was covered with a light green cloth and centered with a large bird cage with life-size birds. Miniature honey bees on candles were in white milk-glass holders completeing the setting.

Mrs. Frank Hopper, president, extended the welcome and led the group in prayer.

Mrs. Richard Estell directed group singing of a song, "Be Happy," to the tune of "Auld Lang Syne," with Mrs. James Walker as accompanist. Mrs. Pearl Hull read a poem written by Mrs. Chleo Goodman, "Toast to Mothers." Another poem, "To Mothers," was read by Nancy Doland.

Mrs. William Gibbs and daughter, Dianne Hornbecker, dressed as a couple of hobos, did a novelty song and dance number, "We're a Couple of Swells," accompanied by Mrs. John Hales.

Becky Hales recited a poem, "Grandma" (Guest), Deborah Banfield presented piano solos entitled, "Blue Danube" and "Climbing." All the children sang "The Children's Marching Song."

The "Creek and Rollers Orchestra," members of the Mina Brokaw Circle, played numbers on homemade instruments of pots and pans, under the direction of Mrs. William Blakeley with Mrs. Walker as accompanist. Mrs. Estell sang, "Under the Crust of an Old Apple Pie" and led the closing parody for the group, "We've Had a Real Good Time," to the tune of the "Howdy Doody song."

Mrs. James Gardner made the following awards: Barbara Jo Hales, 3-month daughter of Mrs. George Hales, youngest baby present; Mrs. Leroy Board, the youngest mother; Mrs. Albert Dunn, youngest grandmother; Mrs. Charles Rippeth and Mrs. Paul Glunt, most daughters present—each had three—and Mrs. Lee Cooper, oldest grandmother.

The awards were small parasols made from handkerchiefs edged in tatting by Mrs. Carlos Deemer.

Mrs. Fred Banfield, Mrs. Homer Richey and Mrs. Deemer, circle chairmen, read the names of the new members of their circles.

Committee chairmen for the event were: Mrs. Banfield, program; Mrs. Gardner, awards; Mrs. Ralph Badgley, welcoming; Mrs. John Smith, refershment; Mrs. Joseph Cooper, decorating, and Mrs. Paul Jones, invitation.

An invitation was read from the WSCS of the Calvary Methodist Church to attend a meeting April 24.

The next meeting will be May 20 at the church. The Afternoon Circle will have devotions, the Annie Holmes Circle, the program, and Mina Brokaw Circle will be hostess. Installation of officers will be featured.

Musical Program Set For Horace Mann PTA

Committee Finishes Plans For Art Exhibit At Library

Final plans for the Spring Open Art Show to begin May 10 at Carnegie Public Library were made by the selection committee of the City Federation of Women's Clubs recently at the home of the chairman, Mrs. Don Schreckengost of St. Clair Ave.

Serving on the committee will be Miss Frances Jones, librarian, co-chairman; Mrs. Richard Mayers, president of the sponsoring organization, Mrs. Kenneth Koos and Mrs. Herschel Rubin.

The show will open Sunday, May 10, at 3 o'clock and will run for two weeks. Artists from East Liverpool, Chester, Newell and Wellsville may participate.

Any amateur artist may submit three entries for consideration by the selection committee. The number of entries selected for final showing will be governed by the amount of space available for the exhibition. Entries will be accepted in the following categories: Oils, water colors, pastels, drawings, lithographs and small sculpture.

Awards of merit will be given in adult, high school and elementary school classifications.

All entries must be submitted at the main desk in the library between 9 o'clock Monday, April 27, and 4 o'clock Saturday, May 2.

The committee stressed that each entry must list the followng information on the back of the work: Name, address, title of entry, and the grade, if an elementary or high school student.

In conjunction with the amateur show, there will be a group of professional works on display in the main lobby of the library. This exhibit is by invitation only and will not be in competition for awards.

Professional artists from this area will serve as judges for the amateur competition. Representatives from 22 clubs affiliated with the federation will serve as hostess-guides during the exhibition.

A special show for the "Golden Age" or senior citizens group, will have the opportunity to display their art work.

Paintings, sculpture, wood carvings, rugs, weaving, quilting, crocheting and affiliated classifications may be submitted during the week of May 25. A committee to co-ordinate the display will be chosen from federation members by Mrs. Mayers.

Smoke Fills Restaurant When Motor Overheats

Smoke from an overheated motor on an ice cream freezer filled the R. & D. Villa restaurant at 553 Mulberry St. Sunday afternoon at 4:10.

As the restaurant was closed, firemen had to break in the front door to discover the source of the trouble. Three trucks answered the call, firemen said.

The restaurant, located in the old Hill Building, is operated by Dan Duncan of Dairy Ln.

Firemen were called to the home of Frank Gerace of Fisher Park yesterday afternoon at 5:47 when alcohol leaking from the cooling system of his car splashed onto the motor and ignited.

YOUR CHILD?

If your youngsters are still not protected against polio, insist that they start and complete the full series of polio shots NOW.

Polio isn't licked! In fact, among children not yet vaccinated, paralytic polio cases actually increased in 1958 over 1957. *More one-year-olds were stricken than any other age group.*

The 1959 polio season is fast approaching. The *sooner* your children are polio-protected, the safer their futures will be. And since polio strikes all ages—be sure to get *your* shots too. See your doctor or health department NOW.

ANSWERS YOUR PROBLEMS

Dear Ann: The woman who signed herself "Just Tired" is, in my humble opinion, "Just Feeling Sorry for Herself." How would she like MY schedule?

Get up at 5 a.m. Fix breakfast for two children and two aged parents. Get children ready for school.

I work eight hours a day, so I must get myself ready for work. During lunch hour I shop for food, see about car trouble, pay bills, do errands for children and parents, arrange for house repairs, lawn care and eat lunch (sometimes).

Get home at 5:30. Love and pet the children. Listen to their problems. Cook dinner. Do dishes. Bathe children and help them with school work. Do housecleaning, washing and ironing. Tell children a story. Answer questions about God, what time is it in China, do stars fall and should they play with the little girl who comes to school dirty.

I pray with them, love them, pet them and tuck them into bed. Visit with parents briefly and get my clothes ready for the next day. Go to bed exhausted but prepared to jump up at the sound of a cough or a cry. Crawl out at 5 a.m. ready to start another day.

I'm not complaining. I'm thankful the good Lord has given me the health and strength to do it. I'm signing my letter — JUST GRATEFUL.

-:-

Dear Grateful: Thanks for a wonderful letter. Your life is demanding but it's also rich and rewarding. It may be tough to be under the gun every minute of the day but who ever said a life of ease ever made anyone happy?

I frequently hear from people who have every convenience and comfort, yet they are miserable. Their days are empty and meaningless because no one needs them. They flounder without direction or purpose, constantly battling boredom — and losing the fight.

Such people would love to trade places with you. Interested? Neither am I.

Mr. Malaprop

Dear Ann Landers: My husband is one of those people who always can be depended upon to say the wrong thing at the right time. For example, when we made a death call last week he said to the widow: "I was shocked to read in the paper that Albert was only 64. I thought he was much older."

Last fall when a cousin of his passed on he said to the young daughter who was to be married in a few months: "Too bad your dad couldn't have lived to see your wedding. It would have been the happiest day of his life." Everyone started to cry all over again and I could have cheerfully gagged him.

I asked why he always said such dumb, uncalled-for things and he claims it's because he's nervous and can't think straight.

Please, Ann, what should a person say when making a call on a family who has lost a loved one?—MR. MALAPROP'S WIFE.

-:-

Dear Wife: If you must say something, "I'm terribly sorry" will do but a pat on the hand or a warm caress has the same meaning. No words are necessary. Your presence says it for you.

Nosy Landlady

Dear Ann: I live in a very nice rooming house which is convenient to my office and near church. The trouble is the landlady is very nosy. She's always the first one to get to the mailbox and it's amazing how much she can learn by holding an envelope up to the light.

My girl friend says the woman is probably steaming the envelopes open but I don't think she has time for such stuff.

I can't figure out how she knows so much about my business because she's told things to another roomer that could only have been learned from reading my mail.

Can you figure this out? What do you suggest, short of accusing her?—SPIED ON.

-:-

Dear Spied On: The snoop is probably getting at your mail after you've opened it and left it on the dresser or in your desk.

If you don't wish to move, lock your mail in a drawer, get a post office box, or ask your friends to write to you at the office.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review enclosing a stamped, self-addressed envelope.

Jefferson County Judges 'Shorted' $108.69 On Salary

COLUMBUS, Ohio (AP)—Three Jefferson County judges have been getting shortchanged $108.69 each on their yearly salaries.

They've been drawing pay based in part on the population of the areas in which each has separate jurisdiction. They should have been getting paid on the population basis of the entire county court district.

That was the ruling Monday of Atty. Gen. Mark McElroy. According to the opinion, each judge should receive a $1,500 base and an additional three cents per capita for the population of the district involved. Thus each judge should get $4,108.69 annually instead of the $4,000 now being paid.

Legislators Bothered About Nepotism Issue

WASHINGTON (AP) — How to deal with nepotism and so-called "honest graft" is bothering House and Senate leaders, Rep. Clarence J. Brown (R-Ohio) reports in a circular to his constituents.

"Only a relatively few legislators have put members of their families, who do not work, on the public payroll; rented their front porches, etc.

"However, as a result, reflection is cast upon the decent and honest lawmakers who are in the big majority, and the whole Congress suffers," the circular says.

Youngstown Studies Parking Fine Question

YOUNGSTOWN, Ohio (AP) — Does the government have to pay a parking fine when an Army lieutenant gets a ticket while using an official vehicle?

That's the question being studied by the Youngstown Law Department today.

Lt. Robert A. Johnson, Adjutant of the Lordstown Military Reservation, has asked the city to void a ticket he got while on government business. He cites a ruling he says was made by the comptroller general of the Army.

Asst. City Prosecutor John Leskovyansky says he must study the matter before acting on Johnson's request.

Mayor Continues Boy Spanking Case

MIDDLETOWN, Ohio (AP) — Trenton Mayor Harry Stretcher Monday night continued indefinitely an assault and battery brought by a woman who says the Trenton superintendent of schools spanked her 12-year-old son.

Mrs. Sylvia Pierce filed the charge last week. Trenton police said the superintendent, Arthur Tolley, apparently paddled the Pierce boy after a school prank.

Tolley is free under $500 bond.

The common variety of cold costs American industry nearly two billion dollars annually in terms of work days lost.

Bill Would Loosen Reds' Control On Satellite Nations

WASHINGTON (AP)—American economic aid could be used to help satellite nations loosen Moscow's control, under a bill offered in the Senate today.

Present law forbids aid to any nation controlled or dominated by Communists. Under the bill, such assistance would be barred only to the Soviet Union, Red China and Communist North Korea.

President Eisenhower would be given discretionary authority to provide aid to other Communist nations if he finds it would promote U.S. security. This could be done under any of several provisions which in general would mean less Soviet or Chinese control of satellites.

The measure, as an amendment to the foreign aid bill, was defeated 43-42 in the Senate last year. It was offered as a separate bill today by Sens. John F. Kennedy (D-Mass) and George D. Aiken (R-Vt).

In the United States there are 3,430,000 miles of roads and streets.

My girl friend says the woman is probably steaming the envelopes open but I don't think she has time for such stuff.

I can't figure out how she knows so much about my business because she's told things to another roomer that could only have been learned from reading my mail.

Can you figure this out? What do you suggest, short of accusing her?—SPIED ON.

-:-

Dear Spied On: The snoop is probably getting at your mail after you've opened it and left it on the dresser or in your desk.

If you don't wish to move, lock your mail in a drawer, get a post office box, or ask your friends to write to you at the office.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review enclosing a stamped, self-addressed envelope.

Jefferson County Judges 'Shorted' $108.69 On Salary

COLUMBUS, Ohio (AP)—Three Jefferson County judges have been getting shortchanged $108.69 each on their yearly salaries.

They've been drawing pay based in part on the population of the areas in which each has separate jurisdiction. They should have been getting paid on the population basis of the entire county court district.

That was the ruling Monday of Atty. Gen. Mark McElroy. According to the opinion, each judge should receive a $1,500 base and an additional three cents per capita for the population of the district involved. Thus each judge should get $4,108.69 annually instead of the $4,000 now being paid.

Legislators Bothered About Nepotism Issue

WASHINGTON (AP) — How to deal with nepotism and so-called "honest graft" is bothering House and Senate leaders, Rep. Clarence J. Brown (R-Ohio) reports in a circular to his constituents.

"Only a relatively few legislators have put members of their families, who do not work, on the public payroll; rented their front porches, etc.

"However, as a result, reflection is cast upon the decent and honest lawmakers who are in the big majority, and the whole Congress suffers," the circular says.

Youngstown Studies Parking Fine Question

YOUNGSTOWN, Ohio (AP) — Does the government have to pay a parking fine when an Army lieutenant gets a ticket while using an official vehicle?

That's the question being studied by the Youngstown Law Department today.

Lt. Robert A. Johnson, Adjutant of the Lordstown Military Reservation, has asked the city to void a ticket he got while on government business. He cites a ruling he says was made by the comptroller general of the Army.

Asst. City Prosecutor John Leskovyansky says he must study the matter before acting on Johnson's request.

Mayor Continues Boy Spanking Case

MIDDLETOWN, Ohio (AP) — Trenton Mayor Harry Stretcher Monday night continued indefinitely an assault and battery brought by a woman who says the Trenton superintendent of schools spanked her 12-year-old son.

Mrs. Sylvia Pierce filed the charge last week. Trenton police said the superintendent, Arthur Tolley, apparently paddled the Pierce boy after a school prank.

Tolley is free under $500 bond.

The common variety of cold costs American industry nearly two billion dollars annually in terms of work days lost.

Bill Would Loosen Reds' Control On Satellite Nations

WASHINGTON (AP)—American economic aid could be used to help satellite nations loosen Moscow's control, under a bill offered in the Senate today.

Present law forbids aid to any nation controlled or dominated by Communists. Under the bill, such assistance would be barred only to the Soviet Union, Red China and Communist North Korea.

President Eisenhower would be given discretionary authority to provide aid to other Communist nations if he finds it would promote U.S. security. This could be done under any of several provisions which in general would mean less Soviet or Chinese control of satellites.

The measure, as an amendment to the foreign aid bill, was defeated 43-42 in the Senate last year. It was offered as a separate bill today by Sens. John F. Kennedy (D-Mass) and George D. Aiken (R-Vt).

In the United States there are 3,430,000 miles of roads and streets.

Lisbon Faces Rate Increase In Electricity

LISBON — An increase in electric rates was proposed by the Ohio Edison Co. at a meeting of Council Monday night when the utility pointed out in a letter the agreement on present rates will terminate in six months.

The utility did not list any specific rate figures, but proposed Council and representatives of the power company hold meetings to work out a satisfactory rate plan.

The letter explained this is the first rate increase suggested in the past six years, and the second since Ohio Edison Co. began serving the community. Increased costs of labor and materials was cited as the reason for the needed rate hike.

Council authorized the start of Daylight Saving Time April 26, but took no action on terminating DST until the general policy of other area communities is established.

Walter G. Dawson, 604 W. Lincoln Way, advised Council the drain from the Sadie VanFossan Swimming Pool should be separate from the sanitary sewer or the draining of the pool will again damage his cellar.

Council purchased a new gas furnace for Dawson last fall when the draining caused his cellar to flood. Council told Dawson last night the drain has not yet been removed, although it has been discussed. He asked Council to remove the drain, or he would seek to prevent the filling of the pool.

Mayor John Todd reported he has requested the County Highway Department for use of heavy equipment to repair village streets, and an agreement is being considered on the use of the equipment by the village and the use of the Village Hall by the county.

A letter was prepared for Mrs. R. C. Conkle, advising her no general survey of all streets or alleys is planned which would include establishment of property lines on the alley by her home just west of Green St.

Charles Thompson, electrical contractor, submitted an estimate of $908 for installing a traffic signal at W. Lincoln Way and Thomas Rd. The estimate would be reduced by $214 if the blinker light were provided by Council. Thompson also requested a street light for Vine St. Ext.

Mayor Todd reported a collection of $1,374.30 in fines and meter violations and license during March. A breakdown shows $638.95 state fines and costs; $284.10, village fines and costs; $181.25 meter violations, and $250 in license fees for shuffle boards.

Members W. J. Loudon and Robert Kelm were absent. The next meeting will be April 27 at 7:30 p. m.

16 Acres Of Grassland Burned Over In Fire

A brush fire burned over an estimated 15 to 16 acres on the property of Robert Rudy, located between Glenmoor and West Point, Monday afternoon with volunteer firemen from the Glenmoor and West Point departments battling the blaze for about an hour.

The fire started about 2 p. m. on the Rudy property adjacent to Round Knob, the highest point in Ohio, Madison Township Constable Keith McKinney reported.

McKinney said there was no damage to buildings but the blaze got into part of an orchard. The property is near Stop 47 on the Y. & O. Rd.

He praised both the Glenmoor and West Point departments for their cooperation in bringing the fire under control.

Firemen said the blaze burned out of control because the fire truck could not be driven to near the flames.

No other damage was reported, Kenneth Mills, Glenmoor fire chief, said.

West Point firemen also were called by a blaze at Gavers but there was no damage.

East End Group Hears Democratic Aspirants

Four Democratic candidates at the forthcoming primary were guest speakers at a meeting of the United Progressive Council Monday night at the Civil League Hall in East End.

Speakers were Atty. Lawrence W. Smith Jr., candidate for solicitor; James Moore, mayor; Rudy Halpate, Council president, and John R. Weber, at-large.

Other candidates will be heard at a meeting next Monday night at 7:30. Clyde Christian is president.

Beaver Firm To Give County Old Generator

BEAVER — The St. Joseph Lead Co. has notified Commissioner Gordon Camp that it will donate the emergency lighting generator at the old County Home and Hospital to the county.

The firm purchased the building and equipment several years ago.

The generator will be moved to the Courthouse where repairs are being made to the lighting system.

head of the Southern Local District, about making the visit. The Hillcrest area has been transfered to Wellsville.

Daw said he plans to check on the textbooks and supplies. School records and the matter of teacher contracts now are under the supervision of the Wellsville Board although the actual transfer of property does not take place until July.

Daw said there are roughly 190 students in the district. He also suggested the board consider whether or not to transport eighth grade students from the area to Daw Junior High. A poll will be made of the parents when the school census is taken to determine their feelings.

Daw said he plans to meet soon with the coaching staffs of the high and junior high schools to discuss setting up a uniform training program in all sports.

It was reported the Ohio Power Co. is preparing plans for new lighting systems at the Garfield and McKinley Schools. A total of $334.75 in collections for tuition, fees and sale of supplies was turned over to Rolley.

John Mackov, principal of MacDonald School, reported that six pair of legs are needed for wash basins at the building. The basins are hanging on the wall without any support and the pressure of students leaning on them causes them to pull away. It also was reported the exit door on the roof of MacDonald has started to fall apart and needs replaced. The door is made of laminated plywood and failed to stand up in the weather.

The board's meeting room was repainted during the month. Earl Bake, president, reported the fence at Nicholson Stadium and at the rear of the Garfield building need painted. It was reported a fire drill was held recently at MacDonald and the front entrance was blocked to determine what would happen in case of an actual fire. The students filed out in an orderly fashion and completely emptied the building in a minute and 55 seconds.

David Brookman, member, reported on attending a meeting of the Northeastern School Boards Association Friday night at Hopedale High School. Bake also attended.

Brookman said it appears the "state is broke and the schools are going to be hard pressed the coming year." There appears to be little or no rehabilitation money coming this year, he said.

Don Wellington, member, was absent. State examiners are checking Rolley's records, the clerk said.

Look At Used Car Blamed In Crash; Motorist Arrested

A motorist who turned his head to look at an auto in a used car lot on W. 5th St. late Monday night lost control and rammed into an auto parked at the curb, police reported.

John J. Cornman, 31, of 923 W. 8th St. was arrested for reckless driving as an aftermath of the crash at 11:49 p. m. yesterday on W. 5th St. at Peach Alley. Police said the crash damaged Cornman's 1955 two-door sedan and a parked 1954 club coupe owned by Jessie E. Emerson, 123½ W. 5th St. Central Station firemen were called to flush away gasoline spilled in the wreck.

Cornman posted a $31 bond for a hearing today in Municipal Court.

A collision on Walnut St. Monday at 4:20 p. m. damaged a 1958 two-door sedan driven by Claude V. Roberts, 22, of 317 Grant St., Newell, and a 1955 sedan operated by Joseph F. Martin, 453 Ray St., police said.

Chester Cancer Fund Solicitation Nets $281

A total of $281 was collected in a partial house-to-house canvass for the Cancer Fund in Chester Monday night, Mrs. John Shattenberg, co-chairman of the Junior Women's Club campaign, reported.

The canvass will be completed later this week. A public card party for the Cancer Fund will be held by the club next Tuesday night at the American Legion home. A traffic solicitation is slated April 25.

Safety Group To Hold Class

Twenty attended the initial meeting of the Community Safety Group — Red Cross first aid instructors — Monday night in the Mary Patterson Memorial.

Guest speakers were Joe Putts and Virgil Campbell of the Mahoning County Red Cross Chapter. A Canadian Air Force training film, "First Aid for Air Crews," was screened.

Alvin Arner, executive advisor, and Austen Moore, president, conducted business. Moore appointed a constitution committee headed by Lou Venditti, chairman, and Mrs. Donald Thompson and Frank B. Shone.

It was announced that a new first aid class will begin Monday in the Red Cross headquarters in the Mary Patterson home. George Merriman and Paul Knox will be instructors, with classes to begin at 7 p. m.

Mrs. Thompson announced that the National Red Cross convention will be held in Atlantic City June 1-4.

Members responded to roll call by telling what classes they had taught and their future plans in Red Cross work. Refreshments were served by a committee headed by Mrs. Edna Jones.

A skit will be presented at the next meeting, May 11 at 7 p. m. Participants will include Mrs. Jeannette Carpenter, Mrs. Luella Myers, Mrs. Mildred Springer and George Merriman, Mrs. Grace Brown, secretary, said.

tude to Taft for "the priceless gift of friendship" and the wisdom and experience offered by the senator "whenever I needed him most."

To Eisenhower, Taft was the rival over whom the former general strode to the Republican presidential nomination in 1952. Taft also was the Republican leader in the Senate in the Eisenhower administration's infancy.

"All knew him as a commanding figure on Capitol Hill," Eisenhower said.

"To the people of the United States he was a liberal in his championship of individual rights and opportunity, but he was also the very symbol of informed and responsible conservatism in everything affecting the nation's economy. He was, by his own definition, a politician. An admiring nation now acknowledges that he was infinitely more."

Cumberland Area Man Fined $20 For Blaze

NEW CUMBERLAND — O. E. Havern of R. D. 2 was fined $20 and costs for burning debris outdoors during daylight hours in the spring fire season at a hearing Monday before Squire John D. Herron.

Havern was arrested Monday by Walter McCrea of Weirton, Hancock County conservation officer. Squire Herron also fined Ray D. Jamison, 21, of Weirton $10 and costs for hazardous driving.

Robert Hresko of Rochester forfeited a $100 bond when he failed to appear for a hearing on a charge of driving while intoxicated. Hresko was cited by State Police March 31.

said they were elated by the second successful orbit in the Discoverer series. Discoverer I, fired Feb. 28, circled the earth 17 days before falling back into the atmosphere and burning up.

Seven hours after Monday's launch spokesmen announced the satellite was whirling around the earth north-to-south every 90.84 minutes. Its path from pole to pole took it as far out as 243 miles and brought it as close as 156 miles. It was traveling 17,433.8 miles an hour.

With this orbital pattern established by tracking stations in Alaska, Hawaii and Vandenberg, the satellite is expected to remain aloft at least 30 days. It will continue sending radio beacon signals during its lifetime.

Beaver Firms Head Tax Plea

BEAVER — Three Beaver County industries have responded to an appeal from county commissioners for advance partial payments on county real estate taxes.

The Jones & Laughlin Steel Co. of Aliquippa turned over a check for $138,624, Koppers Co. of Kobuta, $24,265, and Armstrong Cork Co. of Beaver Falls, $4,670 and 10 other industries are expected to follow suit.

The commissioners asked for the advance payments so the county would not have to borrow funds to meet current expenses. They explained tax notices are two months behind schedule to allow completion of the general reassessment program.

All county residents will receive tax notices within the next 60 days, the commissioners said. The mailing has been completed for Ambridge and Beaver Falls residents.

Commissioner Gordon Camp expressed his appreciation to the Koppers Co., which said in a letter it will accept this year's reassessment. The company previously had indicated it might seek a court ruling on the land assessment but said in the letter that it did not wish to impose a hardship on the Potter Township Board of Supervisors or Board of Education.

one-third complete, the mayor said.

Revised plans for an interchange over the four-lane section of W. 8th St. have been approved by the city and the State Highway Department and forwarded to the Bureau of Public Roads at Washington for its approval, the mayor said. Both the state and the federal government must sanction plans as they will put up about 90 per cent of the cost of the project.

The federal agency has requested Baker to prepare and forward additional data on the plans for the freeway's first stage, the mayor added.

The Boston Tea Party took place on Dec. 16, 1773.

John J. Cornman, 31, of 923 W. 8th St. was arrested for reckless driving as an aftermath of the crash at 11:49 p. m. yesterday on W. 5th St. at Peach Alley. Police said the crash damaged Cornman's 1955 two-door sedan and a parked 1954 club coupe owned by Jessie E. Emerson, 123½ W. 5th St. Central Station firemen were called to flush away gasoline spilled in the wreck.

Cornman posted a $31 bond for a hearing today in Municipal Court.

A collision on Walnut St. Monday at 4:20 p. m. damaged a 1958 two-door sedan driven by Claude V. Roberts, 22, of 317 Grant St., Newell, and a 1955 sedan operated by Joseph F. Martin, 453 Ray St., police said.

Chester Cancer Fund Solicitation Nets $281

A total of $281 was collected in a partial house-to-house canvass for the Cancer Fund in Chester Monday night, Mrs. John Shattenberg, co-chairman of the Junior Women's Club campaign, reported.

The canvass will be completed later this week. A public card party for the Cancer Fund will be held by the club next Tuesday night at the American Legion home. A traffic solicitation is slated April 25.

Safety Group To Hold Class

Twenty attended the initial meeting of the Community Safety Group — Red Cross first aid instructors — Monday night in the Mary Patterson Memorial.

Guest speakers were Joe Putts and Virgil Campbell of the Mahoning County Red Cross Chapter. A Canadian Air Force training film, "First Aid for Air Crews," was screened.

Alvin Arner, executive advisor, and Austen Moore, president, conducted business. Moore appointed a constitution committee headed by Lou Venditti, chairman, and Mrs. Donald Thompson and Frank B. Shone.

It was announced that a new first aid class will begin Monday in the Red Cross headquarters in the Mary Patterson home. George Merriman and Paul Knox will be instructors, with classes to begin at 7 p. m.

Mrs. Thompson announced that the National Red Cross convention will be held in Atlantic City June 1-4.

Members responded to roll call by telling what classes they had taught and their future plans in Red Cross work. Refreshments were served by a committee headed by Mrs. Edna Jones.

A skit will be presented at the next meeting, May 11 at 7 p. m. Participants will include Mrs. Jeannette Carpenter, Mrs. Luella Myers, Mrs. Mildred Springer and George Merriman, Mrs. Grace Brown, secretary, said.

tude to Taft for "the priceless gift of friendship" and the wisdom and experience offered by the senator "whenever I needed him most."

To Eisenhower, Taft was the rival over whom the former general strode to the Republican presidential nomination in 1952. Taft also was the Republican leader in the Senate in the Eisenhower administration's infancy.

"All knew him as a commanding figure on Capitol Hill," Eisenhower said.

"To the people of the United States he was a liberal in his championship of individual rights and opportunity, but he was also the very symbol of informed and responsible conservatism in everything affecting the nation's economy. He was, by his own definition, a politician. An admiring nation now acknowledges that he was infinitely more."

Cumberland Area Man Fined $20 For Blaze

NEW CUMBERLAND — O. E. Havern of R. D. 2 was fined $20 and costs for burning debris outdoors during daylight hours in the spring fire season at a hearing Monday before Squire John D. Herron.

Havern was arrested Monday by Walter McCrea of Weirton, Hancock County conservation officer. Squire Herron also fined Ray D. Jamison, 21, of Weirton $10 and costs for hazardous driving.

Robert Hresko of Rochester forfeited a $100 bond when he failed to appear for a hearing on a charge of driving while intoxicated. Hresko was cited by State Police March 31.

said they were elated by the second successful orbit in the Discoverer series. Discoverer I, fired Feb. 28, circled the earth 17 days before falling back into the atmosphere and burning up.

Seven hours after Monday's launch spokesmen announced the satellite was whirling around the earth north-to-south every 90.84 minutes. Its path from pole to pole took it as far out as 243 miles and brought it as close as 156 miles. It was traveling 17,433.8 miles an hour.

With this orbital pattern established by tracking stations in Alaska, Hawaii and Vandenberg, the satellite is expected to remain aloft at least 30 days. It will continue sending radio beacon signals during its lifetime.

Beaver Firms Head Tax Plea

BEAVER — Three Beaver County industries have responded to an appeal from county commissioners for advance partial payments on county real estate taxes.

The Jones & Laughlin Steel Co. of Aliquippa turned over a check for $138,624, Koppers Co. of Kobuta, $24,265, and Armstrong Cork Co. of Beaver Falls, $4,670 and 10 other industries are expected to follow suit.

The commissioners asked for the advance payments so the county would not have to borrow funds to meet current expenses. They explained tax notices are two months behind schedule to allow completion of the general reassessment program.

All county residents will receive tax notices within the next 60 days, the commissioners said. The mailing has been completed for Ambridge and Beaver Falls residents.

Commissioner Gordon Camp expressed his appreciation to the Koppers Co., which said in a letter it will accept this year's reassessment. The company previously had indicated it might seek a court ruling on the land assessment but said in the letter that it did not wish to impose a hardship on the Potter Township Board of Supervisors or Board of Education.

one-third complete, the mayor said.

Revised plans for an interchange over the four-lane section of W. 8th St. have been approved by the city and the State Highway Department and forwarded to the Bureau of Public Roads at Washington for its approval, the mayor said. Both the state and the federal government must sanction plans as they will put up about 90 per cent of the cost of the project.

The federal agency has requested Baker to prepare and forward additional data on the plans for the freeway's first stage, the mayor added.

The Boston Tea Party took place on Dec. 16, 1773.

2-Man Police Force Sought At Salineville

SALINEVILLE — Legislation establishing a two-man regular police force was ordered prepared by Council at a meeting Monday night when various street and road projects were approved.

At the request of Police Chief Cleo Mellott, Council tentatively approved hiring Karl Brown as a regular officer at a salary of $1,200 and trimming Chief Mellott's salary from $2,650 to $2,000 to make up some of Brown's pay.

The new police program will enable the two officers to work 12-hour shifts compared to the 24-hour duty periods which Chief Mellott has been working for some years, and will enable both men to hold other jobs.

Council authorized legislation prepared for the meeting April 27 on the police plan which is scheduled to go into effect in May. Brown sought Council's agreement his salary would be increased next year, but Council agreed any salary boost would be conditioned on the sale of the Village Hall for which bids are due in May.

Council authorized $390 as its 10 per cent share of resurfacing of Route 164 from the village limits to Main St. by the State Highway Department. The roadway has been hazardous in recent years because of its extremely smooth surface, and the highway department agreed to resurface it inside the village limits if the village would pay 10 per cent of the cost of $3,900.

Discussion was held on faulty surface drainage in an alley between Lincoln Washington Sts., and it was proposed the present storm sewer be excavated and relaid at a lower depth. The street committee is to meet at the site Friday night at 6 to study the plan.

In other action, Council authorized hiring of four men for part-time street help to clean village streets about which many complaints of dust and dirt accumulation have been received.

The start of Daylight Saving Time April 26 was approved, with Council agreeing to terminate DST Sept. 27. Some discussion was held on continuing DST through October, but the earlier return to standard time was adopted.

Mayor Karl Lindner pointed out this week is the deadline for applying to participate in the County Highway Department summer road project, but Council agreed there were no funds available to take part in the road work, which would cost the village $1,000 a mile.

Costs of the alley repair, Route 164 work and payments on the new road maintainer have limited the road funds, councilmen said. Mayor Lindner said he would meet with county officials to determine if some partial work might be done on the eight-tenths of a mile minimum needed this summer by the village.

Council authorized notices sent to two residents to place sidewalks in proper condition.

A resolution was adopted asking legislative representatives to amend a scheduled termination of mayor's jurisdiction over moving traffic violations within municipal limits starting in 1960. The resolution requests continuation of such jurisdiction within municipal limits instead of referring such cases to County Courts.

Purchase of three fire plugs was authorized as part of a continuing program of maintaining adequate hydrants in the village.

Hookstown Cub Pack To Organize New Den

The announcement of the formation of a new den was made at a committee meeting of Cub Pack 412 Saturday night at the Fellowship Hall of the Hanover Township United Presbyterian Church.

Anyone interested in joining should contact Mrs. J. B. Reed of Georgetown R. D. 1.

Plans also were made to hold a bake sale sometime in May. Cub mothers will be in charge. A Scout Circus will be held in June.

The pack will meet Monday, April 27, at 7 p. m. at the hall.

Lisbon Area Trucker Arrested After Crash

LISBON — Lester H. Scheiben, 49, of R. D. 1 was charged with failing to yield the right-of-way after his truck collided with a car Monday at 5:15 p. m. on the Public Square.

Scheiben said the sun in his rearview mirror blinded him and he didn't see the light, colliding with Arthur Biscan, 31, of 321 Maple St., police said.

Damage was estimated at $400 to Biscan car and $50 to the truck.

State Patrol Arrests 2 For 'Super-Road' Race

The State Highway Patrol cited two motorists Monday night at 9:05 for racing 90 miles an hour in a 50-mile zone on the East Liverpool-Wellsville "super-road."

The patrol identified the drivers as John R. France, 1512 Chester Ave., Wellsville, and David C. Fouse, 607 Edgewood Ave. They are scheduled for Municipal Court hearings Wednesday.

The only three Americans who did not serve as presidents but have their portraits on currency are Benjamin Franklin, Alexander Hamilton and Salmon P. Chase.

Cincinnati Police Arrest Second In Robbery-Slaying

HAMILTON, Ohio (AP)—Police are still hunting for a Cincinnatian, but they've added a second man to those arrested in a robbery-slaying.

Detectives Monday arrested Samuel A. Decker, 44, Hamilton, and charged him with first degree murder in the shooting death of a housewife.

Mrs. Marie Hires, 47, who police say shot it out at her home Friday night with two bandits, died Sunday of bullet wounds.

Her husband, Herschel, 52, is in poor condition with an abdomen bullet wound.

County Prosecutor Robert Marrs filed charges of murder, shooting to kill and armed robbery against Hollis Robert Leigh, 42, Cincinnati, and Frank Poindexter, 49, both of Cincinnati. Poindexter fled after the shooting.

Marrs said Decker, who once worked for Hire's contracting firm, admitted pointing out the Hires home to the two men and expected to share in the proceeds of the robbery.

Houston, Tex., which is not located on either an ocean, lake or river is a busy maritime port. It is connected to the Gulf of Mexico by an artificial canal 45 miles long.

Fewer Snafus Than Usual

42 Acting Categories Cited In TV Emmy Nominations

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD (AP)—The Television Academy has come up with more acting categories—42—but fewer snafus than usual in the 11th annual Emmy nominations.

The nominations, announced Monday, put veteran actors Robert Young and Walter Brennan in what amounts to the best-comedian category against Jack Benny, Phil Silvers, Danny Thomas and Bob Cummings.

Milton Berle and Red Skelton, both weekly funnymen, were passed by in that category.

Fred Astaire, who sang and danced on his show, finds himself competing for best single performance by an actor against the dramatic performances of Paul Muni, Christopher Plummer, Mickey Rooney, Robert Crawford and Rod Steiger.

But most of the nominations pretty well fit the various acting categories.

"We know that voting for the Emmies is a cumbersome process," said one member of the academy. "But TV is a cumbersome medium—we operate seven days a week practically around the clock. You can't reduce that many acting performances to a handful as the movies do."

Probably the most interesting race for the viewers is that for best actor in a dramatic series. It is strictly a fast draw to the finish among three private eyes and three Western heroes.

They are: Raymond Burr (Perry Mason), Craig Stevens (Peter Gunn), Efrem Zimbalist Jr. (77 Sunset Strip), James Arness (Gunsmoke), Richard Boone (Have Gun, Will Travel) and James Garner (Maverick).

Clark County Reports More Animal Killings

SPRINGFIELD, Ohio (AP)—Another outbreak of sadistic animal killings has been reported, this one in Clark County.

Sheriff's Deputies said Mrs. Bertha Snider, who owns a farm near Medway in southwestern Clark County, reported six ducks on her farm were killed with a .22 caliber weapon. In similar killings in Madison County, 73, lambs have been killed since March 20, all with a .22 caliber weapon.

Deputies said they doubt if the killings here are by the same person, but they are not ruling out the possibility.

Saturday Tax Deadline

COLUMBUS, Ohio (AP)—Saturday is the deadline for the Pike County treasurer to collect real estate taxes, the State Board of Tax Appeals reports. Similar extensions have been granted for 56 other county treasurers.

(At bottom) The 6-passenger Country Sedan—masterpiece of modern wagon economy and convenience.

Station Wagon Living (a FORD specialty)

America's best-selling wagons . . . because they're America's most liveable wagons and lowest priced of the most popular wagons, too!

You hear far more talk about Ford Station Wagons because there are more Ford wagons than any other kind . . . and because there are more desirable features in Ford wagons.

Take loading and unloading. It's a one-hand pleasure with Ford's push-button release. Just press the button and both liftgate and tailgate pop open. They're safer for children. Ford gates, when closed, can not be opened from inside.

In a Ford wagon, you get loadspace that's bowling alley big and just as level. And, presto, even a child can easily convert this wide-open space to a luxury passenger compartment.

Every seat in every Ford wagon faces forward. Nobody is left out of the conversation or has to face the blinding headlights of cars behind.

Truly, station wagon living begins with a Ford. And it's a thrifty way of life, too . . . with Ford's lower prices and tight-fisted operating economy mile after mile. See how much more your dollars are worth in a beautifully proportioned Ford Station Wagon, today!

2-Man Police Force Sought At Salineville

SALINEVILLE — Legislation establishing a two-man regular police force was ordered prepared by Council at a meeting Monday night when various street and road projects were approved.

At the request of Police Chief Cleo Mellott, Council tentatively approved hiring Karl Brown as a regular officer at a salary of $1,200 and trimming Chief Mellott's salary from $2,650 to $2,000 to make up some of Brown's pay.

The new police program will enable the two officers to work 12-hour shifts compared to the 24-hour duty periods which Chief Mellott has been working for some years, and will enable both men to hold other jobs.

Council authorized legislation prepared for the meeting April 27 on the police plan which is scheduled to go into effect in May. Brown sought Council's agreement his salary would be increased next year, but Council agreed any salary boost would be conditioned on the sale of the Village Hall for which bids are due in May.

Council authorized $390 as its 10 per cent share of resurfacing of Route 164 from the village limits to Main St. by the State Highway Department. The roadway has been hazardous in recent years because of its extremely smooth surface, and the highway department agreed to resurface it inside the village limits if the village would pay 10 per cent of the cost of $3,900.

Discussion was held on faulty surface drainage in an alley between Lincoln Washington Sts., and it was proposed the present storm sewer be excavated and relaid at a lower depth. The street committee is to meet at the site Friday night at 6 to study the plan.

In other action, Council authorized hiring of four men for part-time street help to clean village streets about which many complaints of dust and dirt accumulation have been received.

The start of Daylight Saving Time April 26 was approved, with Council agreeing to terminate DST Sept. 27. Some discussion was held on continuing DST through October, but the earlier return to standard time was adopted.

Mayor Karl Lindner pointed out this week is the deadline for applying to participate in the County Highway Department summer road project, but Council agreed there were no funds available to take part in the road work, which would cost the village $1,000 a mile.

Costs of the alley repair, Route 164 work and payments on the new road maintainer have limited the road funds, councilmen said. Mayor Lindner said he would meet with county officials to determine if some partial work might be done on the eight-tenths of a mile minimum needed this summer by the village.

Council authorized notices sent to two residents to place sidewalks in proper condition.

A resolution was adopted asking legislative representatives to amend a scheduled termination of mayor's jurisdiction over moving traffic violations within municipal limits starting in 1960. The resolution requests continuation of such jurisdiction within municipal limits instead of referring such cases to County Courts.

Purchase of three fire plugs was authorized as part of a continuing program of maintaining adequate hydrants in the village.

Hookstown Cub Pack To Organize New Den

The announcement of the formation of a new den was made at a committee meeting of Cub Pack 412 Saturday night at the Fellowship Hall of the Hanover Township United Presbyterian Church.

Anyone interested in joining should contact Mrs. J. B. Reed of Georgetown R. D. 1.

Plans also were made to hold a bake sale sometime in May. Cub mothers will be in charge. A Scout Circus will be held in June.

The pack will meet Monday, April 27, at 7 p. m. at the hall.

Lisbon Area Trucker Arrested After Crash

LISBON — Lester H. Scheiben, 49, of R. D. 1 was charged with failing to yield the right-of-way after his truck collided with a car Monday at 5:15 p. m. on the Public Square.

Scheiben said the sun in his rear-view mirror blinded him and he didn't see the light, colliding with Arthur Biscan, 31, of 321 Maple St., police said.

Damage was estimated at $400 to Biscan car and $50 to the truck.

State Patrol Arrests 2 For 'Super-Road' Race

The State Highway Patrol cited two motorists Monday night at 9:05 for racing 90 miles an hour in a 50-mile zone on the East Liverpool-Wellsville "super-road."

The patrol identified the drivers as John R. France, 1512 Chester Ave., Wellsville, and David C. Fouse, 607 Edgewood Ave. They are scheduled for Municipal Court hearings Wednesday.

The only three Americans who did not serve as presidents but have their portraits on currency are Benjamin Franklin, Alexander Hamilton and Salmon P. Chase.

Cincinnati Police Arrest Second In Robbery-Slaying

HAMILTON, Ohio (AP)—Police are still hunting for a Cincinnatian, but they've added a second man to those arrested in a robbery-slaying.

Detectives Monday arrested Samuel A. Decker, 44, Hamilton, and charged him with first degree murder in the shooting death of a housewife.

Mrs. Marie Hires, 47, who police say shot it out at her home Friday night with two bandits, died Sunday of bullet wounds.

Her husband, Herschel, 52, is in poor condition with an abdomen bullet wound.

County Prosecutor Robert Marrs filed charges of murder, shooting to kill and armed robbery against Hollis Robert Leigh, 42, Cincinnati, and Frank Poindexter, 49, both of Cincinnati. Poindexter fled after the shooting.

Marrs said Decker, who once worked for Hire's contracting firm, admitted pointing out the Hires home to the two men and expected to share in the proceeds of the robbery.

Houston, Tex., which is not located on either an ocean, lake or river is a busy maritime port. It is connected to the Gulf of Mexico by an artificial canal 45 miles long.

Clark County Reports More Animal Killings

SPRINGFIELD, Ohio (AP)—Another outbreak of sadistic animal killings has been reported, this one in Clark County.

Sheriff's Deputies said Mrs. Bertha Snider, who owns a farm near Medway in southwestern Clark County, reported six ducks on her farm were killed with a .22 caliber weapon. In similar killings in Madison County, 73, lambs have been killed since March 20, all with a .22 caliber weapon.

Deputies said they doubt if the killings here are by the same person, but they are not ruling out the possibility.

Take loading and unloading. It's a one-hand pleasure with Ford's push-button release. Just press the button and both liftgate and tailgate pop open. They're safer for children. Ford gates, when closed, can not be opened from inside.

In a Ford wagon, you get loadspace that's bowling alley big and just as level. And, presto, even a child can easily convert this wide-open space to a luxury passenger compartment.

Every seat in every Ford wagon faces forward. Nobody is left out of the conversation or has to face the blinding headlights of cars behind.

Truly, station wagon living begins with a Ford. And it's a thrifty way of life, too . . . with Ford's lower prices and tight-fisted operating economy mile after mile. See how much more your dollars are worth in a beautifully proportioned Ford Station Wagon, today!

No Satchel Or Midgets Though

White Sox Fans Expect Anything From Bill Veeck

CHICAGO (AP)—Amid rumors that Satchel Paige will be the starting pitcher and baseball is once again open to midgets, the Chicago White Sox inaugurate their 1959 home season with none other than Bill Veeck on the scene.

Veeck, who heads a syndicate which purchased 54 per cent of the club, assured all concerned that Paige will not be the starting pitcher.

And, he confided, there'll be no midgets sent to bat as there once was when he owned the St. Louis Browns.

"I can't say in advance what we'll do," said Veeck, "but something will be popping and there may be a surprise or two."

The Associated Press, however, learned that one of Veeck's stunts will include fireworks and the first display will take place when the crowd is singing the Star Spangled Banner and reaches the bars "and the rockets red glare, the bombs bursting in air."

At this point, in a lot behind the bleachers, Veeck's cohorts will touch off an explosion of fireworks.

Another Veeck stunt will take place in the seventh inning when the Sox come to bat.

Free beer will be passed out in the stands to toast the White Sox.

Behind all this hulabaloo will be, of all things, the baseball team known as the White Sox. Chicago fans aren't too excited even though the Sox are in first place with their 3-0 record.

They cautiously view it as the same team which in nearly every one of the past eight years sparked Windy City hopes for a pennant only to fall short.

Pennant or not, it promises to be an interesting season for the Sox and the fans, especially with Veeck on the scene.

Sox And Giants Put 3-0 Marks On Line Today

By ED WILKS
Associated Press Sports Writer

Major league baseball puts a finish to the business of "season openers" today with the National League champion Milwaukee Braves, San Francisco Giants and Los Angeles Dodgers playing their first games at home. The Cleveland Indians, Chicago White Sox, Boston Red Sox and Baltimore Orioles make their home debuts in the American.

Pirates-Redlegs Game On Television Tonight

The Pittsburgh-Cincinnati game tonight at Crosley Field will be televised over Channels 2, 6 and 9 beginning at 8 p. m.

Seven of the majors' 16 clubs still are unbeaten. Six still are trying to get started.

Here's today's schedule of home openers:

American League
Kansas City at Chicago.
Detroit at Cleveland.
New York at Baltimore.
Washington at Boston.
National League
Philadelphia at Milwaukee.
Chicago at San Francisco.
St. Louis at Los Angeles (N)

The Pittsburgh Pirates, surprising members of the winless six, are at Cincinnati tonight but that doesn't qualify as an opener. It was at Cincinnati that the Pirates began their 0-3 frustration last Thursday.

The White Sox, who matched some fine relief pitching with some surprise power for a three-game sweep at Detroit, expect a crowd of about 23,000 at Comiskey Park for their debut against the A's, who were beaten by Cleveland in their only two starts.

The unbeaten Indians come home with hopes of pulling in 40,000 or more while giving Herb Score another test. The betroubled lefty was wild in a brief relief chore at Kansas City.

The Yankees (1-0) also have a test case on the mound, with Don Larsen still to prove that his bothersome shoulder is fit. The Orioles, who haven't played since losing Thursday's opener at Washington, estimate some 30,000 fans will show up.

The Red Sox, stymied by bad weather and the two-hit pitching of Bob Turley at New York last weekend, now are battling the flu. About 20,000 are expected at Fenway Park.

Warren Spahn, who shut out the Pirates last Friday, goes for No. 2 against the Phils, who beat Cincinnati in their lone start. Good weather is expected to bring 43,000 fans.

The Giants, 3-0 after their sweep at St. Louis, have a half - game edge over the Braves (2-0). They'll introduce their half of the trade with the Phils with Jack Sanford going for his seventh victory in 10 decisions against the Cubs. The Giants expect a sellout crowd of 23,000.

The Dodgers, who split a pair at Chicago last weekend, hope for 60,000 at the Coliseum.

Maglie Takes Coaching Job With St. Louis

ST. LOUIS (AP)—Time caught up with Sal Maglie Monday.

The 42-year-old righthander, who stilled enemy bats with a snapping variety of curve balls, took a job with the St. Louis Cardinals as a pitching instructor for their minor league clubs. The Cards recently had asked waivers on Maglie in order to hand him his unconditional release.

But the front office brass figures Sal is a treasure trove of pitching knowledge—invaluable to fledgling hurlers.

Maglie's first chore was to travel by train—he doesn't trust airplanes—to Albany, Ga., where the Cards have their minor league headquarters. From there Maglie will wander about in nomad fashion, helping out wherever he's needed.

As he packed in his hotel room, Sal seemed in good spirits. He said his new job was "the best thing for me."

"I like to work with kids and I think I can teach them a lot," he added.

In nine seasons in the majors he notched 119 victories while losing only 62, a percentage of .657. Only Whitey Ford of the Yankees — among active pitchers — has done better. Ford has a phenomenal .724 career mark.

Miami Releases Satch

MIAMI, Fla. (AP) — Satchel Paige has been released by the Miami Marlins of the International League. The colorful veteran Negro Pitcher — who has never told his age although it is estimated to be in the 50s — had asked for his freedom. His plans were not announced.

Former Star For Rams To Speak At JU Dinner

Lee Daugherty, an all-pro lineman with the Los Angeles Rams for eight seasons and a former Jefferson Union star, will be guest speaker at an all-sports banquet Friday at 6 p. m. in the Richmond Grange Hall.

Daugherty was graduated from Jefferson Union in 1947 where he starred in four sports.

He will fly from California to take part in the program, which will honor Jefferson Union High School athletes.

Admission for the banquet is $2. All guests and friends of Daugherty are invited to attend.

After completing high school, Daugherty went on to the University of Oregon where he captained the 1950 team and was named to the all-Pacific coast team in 1949.

Drafted by the Rams in 1950, he played as a regular offensive guard in the 1951 season when Los Angeles won the pro championship.

Daugherty appeared in the pro bowl all-star game in 1957 and was voted most valuable player of the Rams the same year.

In eight years of professional football, Daugherty has missed only one game because of injuries.

He retired last year from football and was appointed manager of an investment firm in Glendale, Calif.

He is married and has two children. They resde at Van Nuys, Calif.

Tribe Expects 40,000 Today In Home Debut

CLEVELAND (AP) — "They're not the greatest ball club I've ever seen, but they think they are."

Thus, Manager Joe Gordon describes his fired-up Cleveland Indians who open the home season today against the Detroit Tigers. The Tribe got a running start this year by winning their first two games at Kansas City.

A crowd of 40,000 hometown rooters is expected at Municipal Stadium when Mayor Anthony Celebrezze tosses out the first pitch.

Nate Wallach, Tribe ticket manager, said the advance ticket sale topped last year's opener when 35,307 turned out. The last crowd larger than that was 50,230 in 1955.

A cool day with clear skies is forecast. The weatherman says a slight northwest wind blowing in off Lake Erie will keep the temperature near 50. Game time is 3 p.m., an hour later than the starting time of regular season games.

Lefty Herb Score follows the mayor to the mound. Jim Bunning, a righthander, will hurl for Detroit.

The Tigers lost their first three games to Chicago.

Bunning and Score opposed each other in last season's home opener at Detroit. Score pitched a five hitter for a 7-5 Cleveland victory.

Healthy after two seasons of hard luck, Score appeared relaxed and ready for the game. He was struck in the eye by a batted ball in 1957.

"I won't even try to guess what's going to happen against the Tigers," Score said. "All I can say is that I'll be doing my best and that I'm not worried or nervous about pitching.

General Manager Frank Lane, who has traded managers and more players that there's space to mention since coming to Cleveland, had this to say about the 1959 Tribe:

"This is a squad with enough ability to go all the way if everyone has a good year. It has speed, ability, desire and a good manager.

"It will be an entertaining team."

High Schools Are Placed On Probation

COLUMBUS, Ohio (AP) — Greenfield McClain and Washington Court House high schools Monday were placed on probation for one year by the Ohio High School Athletic Assn. The suspensions, due to misconduct of basketball players, is effective immediately.

The board's action followed last Friday's hearing on circumstances surrounding a fight at Washington Court House, following a basketball game between the schools Feb. 20, in which a Greenfield player's jaw was broken.

W. J. McConnell, high school commissioner, said the probation order is a "publicized warning" and will not prevent the two schools from playing in all sports.

"It means," McConnell said, "that both schools must watch their step in the future. Another infraction by either would result in ineligibility in all sports. But the probation order will not hinder them so long as they stay within the rules."

McConnell said the fight, involving students and team members from both schools, occurred some 30 minutes after the game. He said the Greenfield players were delayed in getting into their car for the return home because it was locked, and that "some words were bandied back and forth as the Washington Court House players, who had won the game, met the Greenfield group in a hallway after throwing the Washington coach into the shower."

The state board did not go into conflicting reports as to who struck the injured player. Fred Domenico, Washington Court House athletic director, and Coach Dean Waddell of McClain were among those who testified before the board. The board also heard tape recordings of statements from several involved in the melee.

Lone Hit Proves Big One For Midland In 3-2 Win

A two-run single—Midland's only hit of the game—stroked by Mike Tepovich, proved the difference in Midland's 3-2 victory over Hopewell in a Section 5 battle Monday at Crucible Field.

Midland scored all three of its runs in the first inning. Steve Ordich and John Tomec walked and then scored on Tepovich's single.

Midland's first run came when Don Kane reached first base, stole second, went to third on a wild pitch and then stole home.

Leon Adkins and Dean Frederick combined on the mound for the Leopards to limit Hopewell to one hit. Avolio collected the only safety for the visitors.

Hopewell tallied both runs in the fourth inning.

Adkins received credit for the win while Smithosky was the loser.

Midland will travel to Monaca Thursday in another league game.

Purkey Seeks Second Over Bucs Tonight

CINCINNATI (AP)—It's pleasant to reflect that Bob Purkey, the noted optimist and righthand pitcher from Pittsburgh, Pa., seems in best form ever right now.

It's pleasant partly because his colleagues in the Cincinnati Reds bullpen comprise, in the main, some big question marks.

Of course, Purkey has appeared in only one of the two games the Reds have played thus far. And most of his coherts have pitched only in spring exhibitions.

But his opening day victory over Pittsburgh's Pirates gave a good indication his considerable pitching talent did not rust in the winter layover.

Those same Pirates turn in here tonight for the first of two games and again Purkey has the pitching chore for Cincinnati.

The moon-faced, 29 - year - old flinger won 17 games—best for the Reds—last year and chances are he'll equal or better that this season.

The Pirates come in tonight lusting for a victory after three straight losses.

Manager Danny Murtaugh put his charges through a hard batting practice in the snow at Forbes Field Monday and vowed:

"Our club is sound and once we start hitting, it will be a different story."

Righthander George Witt is Murtaugh's candidate to oppose Purkey.

Bruno Named Grid Coach At Beaver Falls

Larry Bruno, former East Liverpool High School and Geneva College football star and head coach at Monaca High School for the past 10 years, was named head grid coach at Beaver Falls High School at a meeting of the Board of Education Monday night.

Bruno, whose overall record at Monaca was 52 wins and 33 losses, will succeed Bill Ross, who resigned in December and currently is faculty manager. His coaching salary will be $1,200.

The board also appointed Gene Harr, former head coach at Freedom High School, as an assistant.

Bruno also served 10 years as head basketball coach at Monaca, resigning at the end of the 1958 season.

Columbiana Trips Beaver Public In Track Meet, 53-24

Despite the efforts of Ralph Dawson, who was a triple winner, Beaver Public Junior High dropped a 53-24 decision at Columbiana in its opening track meet Monday.

Dawson captured the 120 - yard-hurdle event, discus and broad jump and then placed second in the 100-yard dash and high jump.

Arbuckle starred for Columbiana with a first in 440-yard-dash and 220-yard event.

Beaver Public travels to Boardman Monday.

Eddie Arcaro Will Ride First Landing In Derby

NEW YORK (AP) — Eddie Arcaro is sticking by his original decision. He'll bid for his sixth Kentucky Derby victory May 2 with First Landing.

The veteran jockey made that plain today after the 2-year old champ of 1958 had jumped back into the derby picture with a sizzling six-furlong performance at Jamaica Monday.

"I'll ride First Landing in the Wood Memorial Saturday and that means I'll also be up on him in the Derby," said the 43-year-old jockey who has won more Kentucky Derbies than any other rider.

Arcaro could have selected the Elkcam Stable's Atoll, with whom he won the Swift Stakes and last Saturday's Gotham with a three-quarter length decision over highly regarded Intentionally.

But after sending First Landing over three-quarters of a mile in 1:10 1-5 for a three-length triumph and then working him out an extra eight of a mile for a seven-furlong time of 1:23 4-5, Eddie lost no time announcing his decsion.

Whether Arcaro made a wise choice will be partially answered Saturday when First Landing hooks up with Atoll and Intentionally in the mile and one-eighth of the $75,000-added Wood.

Pirates Pay Giants $20,000 For Paul Giel

SAN FRANCISCO (AP) — The San Francisco Giants sold pitcher Paul Giel Monday to the Pittsburgh Pirates for $20,000.

The Giants obtained Giel, one-time All-America halfback with the University of Minnesota, for a reported $60,000 bonus in 1954.

In 29 games last season he posted a 4-5 mark.

No Satchel Or Midgets Though

White Sox Fans Expect Anything From Bill Veeck

CHICAGO (AP)—Amid rumors that Satchel Paige will be the starting pitcher and baseball is once again open to midgets, the Chicago White Sox inaugurate their 1959 home season with none other than Bill Veeck on the scene.

Veeck, who heads a syndicate which purchased 54 per cent of the club, assured all concerned that Paige will not be the starting pitcher.

And, he confided, there'll be no midgets sent to bat as there once was when he owned the St. Louis Browns.

"I can't say in advance what we'll do," said Veeck, "but something will be popping and there may be a surprise or two."

The Associated Press, however, learned that one of Veeck's stunts will include fireworks and the first display will take place when the crowd is singing the Star Spangled Banner and reaches the bars "and the rockets red glare, the bombs bursting in air."

At this point, in a lot behind the bleachers, Veeck's cohorts will touch off an explosion of fireworks.

Another Veeck stunt will take place in the seventh inning when the Sox come to bat.

Free beer will be passed out in the stands to toast the White Sox.

Behind all this hulabaloo will be, of all things, the baseball team known as the White Sox. Chicago fans aren't too excited even though the Sox are in first place with their 3-0 record.

They cautiously view it as the same team which in nearly every one of the past eight years sparked Windy City hopes for a pennant only to fall short.

Pennant or not, it promises to be an interesting season for the Sox and the fans, especially with Veeck on the scene.

7 Teams Play First Home Games Today

Sox And Giants Put 3-0 Marks On Line Today

By ED WILKS
Associated Press Sports Writer

Major league baseball puts a finish to the business of "season openers" today with the National League champion Milwaukee Braves, San Francisco Giants and Los Angeles Dodgers playing their first games at home. The Cleveland Indians, Chicago White Sox, Boston Red Sox and Baltimore Orioles make their home debuts in the American.

Pirates-Redlegs Game On Television Tonight

The Pittsburgh-Cincinnati game tonight at Crosley Field will be televised over Channels 2, 6 and 9 beginning at 8 p. m.

Seven of the majors' 16 clubs still are unbeaten. Six still are trying to get started.

Here's today's schedule of home openers:

American League
Kansas City at Chicago.
Detroit at Cleveland.
New York at Baltimore.
Washington at Boston.
National League
Philadelphia at Milwaukee.
Chicago at San Francisco.
St. Louis at Los Angeles (N)

The Pittsburgh Pirates, surprising members of the winless six, are at Cincinnati tonight but that doesn't qualify as an opener. It was at Cincinnati that the Pirates began their 0-3 frustration last Thursday.

The White Sox, who matched some fine relief pitching with some surprise power for a three-game sweep at Detroit, expect a crowd of about 23,000 at Comiskey Park for their debut against the A's, who were beaten by Cleveland in their only two starts.

The unbeaten Indians come home with hopes of pulling in 40,000 or more while giving Herb Score another test. The betroubled lefty was wild in a brief relief chore at Kansas City.

The Yankees (1-0) also have a test case on the mound, with Don Larsen still to prove that his bothersome shoulder is fit. The Orioles, who haven't played since losing Thursday's opener at Washington, estimate some 30,000 fans will show up.

The Red Sox, stymied by bad weather and the two-hit pitching of Bob Turley at New York last weekend, now are battling the flu. About 20,000 are expected at Fenway Park.

Warren Spahn, who shut out the Pirates last Friday, goes for No. 2 against the Phils, who beat Cincinnati in their lone start. Good weather is expected to bring 43,000 fans.

The Giants, 3-0 after their sweep at St. Louis, have a half - game edge over the Braves (2-0). They'll introduce their half of the trade with the Phils with Jack Sanford going for his seventh victory in 10 decisions against the Cubs. The Giants expect a sellout crowd of 23,000.

The Dodgers, who split a pair at Chicago last weekend, hope for 60,000 at the Coliseum.

Former Star For Rams To Speak At JU Dinner

Lee Daugherty, an all-pro lineman with the Los Angeles Rams for eight seasons and a former Jefferson Union star, will be guest speaker at an all-sports banquet Friday at 6 p. m. in the Richmond Grange Hall.

Daugherty was graduated from Jefferson Union in 1947 where he starred in four sports.

He will fly from California to take part in the program, which will honor Jefferson Union High School athletes.

Admission for the banquet is $2. All guests and friends of Daugherty are invited to attend.

After completing high school, Daugherty went on to the University of Oregon where he captained the 1950 team and was named to the all-Pacific coast team in 1949.

Drafted by the Rams in 1950, he played as a regular offensive guard in the 1951 season when Los Angeles won the pro championship.

Daugherty appeared in the pro bowl all-star game in 1957 and was voted most valuable player of the Rams the same year.

In eight years of professional football, Daugherty has missed only one game because of injuries.

He retired last year from football and was appointed manager of an investment firm in Glendale, Calif.

He is married and has two children. They resde at Van Nuys, Calif.

Tribe Expects 40,000 Today In Home Debut

CLEVELAND (AP) — "They're not the greatest ball club I've ever seen, but they think they are."

Thus, Manager Joe Gordon describes his fired-up Cleveland Indians who open the home season today against the Detroit Tigers. The Tribe got a running start this year by winning their first two games at Kansas City.

A crowd of 40,000 hometown rooters is expected at Municipal Stadium when Mayor Anthony Celebrezze tosses out the first pitch.

Nate Wallach, Tribe ticket manager, said the advance ticket sale topped last year's opener when 35,307 turned out. The last crowd larger than that was 50,230 in 1955.

A cool day with clear skies is forecast. The weatherman says a slight northwest wind blowing in off Lake Erie will keep the temperature near 50. Game time is 3 p.m., an hour later than the starting time of regular season games.

Lefty Herb Score follows the mayor to the mound. Jim Bunning, a righthander, will hurl for Detroit.

The Tigers lost their first three games to Chicago.

Bunning and Score opposed each other in last season's home opener at Detroit. Score pitched a five hitter for a 7-5 Cleveland victory.

Healthy after two seasons of hard luck, Score appeared relaxed and ready for the game. He was struck in the eye by a batted ball in 1957.

"I won't even try to guess what's going to happen against the Tigers," Score said. "All I can say is that I'll be doing my best and that I'm not worried or nervous about pitching.

General Manager Frank Lane, who has traded managers and more players that there's space to mention since coming to Cleveland, had this to say about the 1959 Tribe:

"This is a squad with enough ability to go all the way if everyone has a good year. It has speed, ability, desire and a good manager.

"It will be an entertaining team."

Lone Hit Proves Big One For Midland In 3-2 Win

A two-run single—Midland's only hit of the game—stroked by Mike Tepovich, proved the difference in Midland's 3-2 victory over Hopewell in a Section 5 battle Monday at Crucible Field.

Midland scored all three of its runs in the first inning. Steve Ordich and John Tomec walked and then scored on Tepovich's single.

Midland's first run came when Don Kane reached first base, stole second, went to third on a wild pitch and then stole home.

Leon Adkins and Dean Frederick combined on the mound for the Leopards to limit Hopewell to one hit. Avolio collected the only safety for the visitors.

Hopewell tallied both runs in the fourth inning.

Adkins received credit for the win while Smithosky was the loser.

Midland will travel to Monaca Thursday in another league game.

Purkey Seeks Second Over Bucs Tonight

CINCINNATI (AP)—It's pleasant to reflect that Bob Purkey, the noted optimist and righthand pitcher from Pittsburgh, Pa., seems in best form ever right now.

It's pleasant partly because his colleagues in the Cincinnati Reds bullpen comprise, in the main, some big question marks.

Of course, Purkey has appeared in only one of the two games the Reds have played thus far. And most of his coherts have pitched only in spring exhibitions.

But his opening day victory over Pittsburgh's Pirates gave a good indication his considerable pitching talent did not rust in the winter layover.

Those same Pirates turn in here tonight for the first of two games and again Purkey has the pitching chore for Cincinnati.

The moon-faced, 29 - year - old flinger won 17 games—best for the Reds—last year and chances are he'll equal or better that this season.

The Pirates come in tonight lusting for a victory after three straight losses.

Manager Danny Murtaugh put his charges through a hard batting practice in the snow at Forbes Field Monday and vowed:

"Our club is sound and once we start hitting, it will be a different story."

Righthander George Witt is Murtaugh's candidate to oppose Purkey.

Bruno Named Grid Coach At Beaver Falls

Larry Bruno, former East Liverpool High School and Geneva College football star and head coach at Monaca High School for the past 10 years, was named head grid coach at Beaver Falls High School at a meeting of the Board of Education Monday night.

Bruno, whose overall record at Monaca was 52 wins and 33 losses, will succeed Bill Ross, who resigned in December and currently is faculty manager. His coaching salary will be $1,200.

The board also appointed Gene Harr, former head coach at Freedom High School, as an assistant.

Bruno also served 10 years as head basketball coach at Monaca, resigning at the end of the 1958 season.

Columbiana Trips Beaver Public In Track Meet, 53-24

Despite the efforts of Ralph Dawson, who was a triple winner, Beaver Public Junior High dropped a 53-24 decision at Columbiana in its opening track meet Monday.

Dawson captured the 120 - yard-hurdle event, discus and broad jump and then placed second in the 100-yard dash and high jump.

Arbuckle starred for Columbiana with a first in 440-yard-dash and 220-yard event.

Beaver Public travels to Boardman Monday.

Chicago Busy Preparing For Pan-American Games

By EDWARD KITCH

CHICAGO (AP)—The Pan American Games box office opens June 1, and Chicago is preparing for a rush.

Now that Congress has provided a half-million dollars to bring Latin American athletes to Chicago, the third Pan American Games has leaped its highest hurdle.

The money will be used to fly the athletes to Chicago and pay for their food and lodging.

"We feel that the development makes it very certain that the games here Aug. 27 to Sept. 7 will be the largest international sports assembly in the western hemisphere," said Al Herman, director of games.

"It appears to us that we will have at least 2,000 participants at the games."

The games will have 25 categories and possibly 28. There are 25 countries eligible but no athlete has yet signed in. The deadline for nations to enter athletes is July 28.

At the moment Canada has 175 it is grooming for the games. Argentina has 148, Costa Rica 64, El Salvador, 28, Panama 17, the West Indies Federation 45 and the United States 397.

Soldier Field will handle the main events in track and field.

Three other facilities are under construction.

A 250-meter veldrome for bicycle events is being built by the Chicago Park District at Gately Stadium on the city's South Side.

The park district is building in Portage Park a 50-meter swimming pool and an adjacent diving pool with accomodations for 7,500 spectators.

A rifle and pistol shooting range is being built fronting Lake Michigan at Waukegan, Ill.

First arrivals are expected at the University of Chicago Housing Center Aug. 17.

Eddie Arcaro Will Ride First Landing In Derby

NEW YORK (AP) — Eddie Arcaro is sticking by his original decision. He'll bid for his sixth Kentucky Derby victory May 2 with First Landing.

The veteran jockey made that plain today after the 2-year old champ of 1958 had jumped back into the derby picture with a sizzling six-furlong performance at Jamaica Monday.

"I'll ride First Landing in the Wood Memorial Saturday and that means I'll also be up on him in the Derby," said the 43-year-old jockey who has won more Kentucky Derbies than any other rider.

Arcaro could have selected the Elkcam Stable's Atoll, with whom he won the Swift Stakes and last Saturday's Gotham with a three-quarter length decision over highly regarded Intentionally.

But after sending First Landing over three-quarters of a mile in 1:10 1-5 for a three-length triumph and then working him out an extra eight of a mile for a seven-furlong time of 1:23 4-5, Eddie lost no time announcing his decsion.

Whether Arcaro made a wise choice will be partially answered Saturday when First Landing hooks up with Atoll and Intentionally in the mile and one-eighth of the $75,000-added Wood.

Trout To Be Stocked At Tomlinson Run Park

A load of legal sized rainbow trout will arrive at 9 a. m. Saturday at the entrance of Tomlinson Run State Park, Walter McCrea, Hancock County conservation officer, said. Tomlinson Run is being stocked in preparation for fishing season which opens April 25 in West Virginia, he said.

The park is located on Route 2 near Pughtown.

Contract bridge is America's number one card game.

Pirates Pay Giants $20,000 For Paul Giel

SAN FRANCISCO (AP) — The San Francisco Giants sold pitcher Paul Giel Monday to the Pittsburgh Pirates for $20,000.

The Giants obtained Giel, one-time All-America halfback with the University of Minnesota, for a reported $60,000 bonus in 1954.

In 29 games last season he posted a 4-5 mark.

Maglie Takes Coaching Job With St. Louis

ST. LOUIS (AP)—Time caught up with Sal Maglie Monday.

The 42-year-old righthander, who stilled enemy bats with a snapping variety of curve balls, took a job with the St. Louis Cardinals as a pitching instructor for their minor league clubs. The Cards recently had asked waivers on Maglie in order to hand him his unconditional release.

But the front office brass figures Sal is a treasure trove of pitching knowledge—invaluable to fledgling hurlers.

Maglie's first chore was to travel by train—he doesn't trust airplanes—to Albany, Ga., where the Cards have their minor league headquarters. From there Maglie will wander about in nomad fashion, helping out wherever he's needed.

As he packed in his hotel room, Sal seemed in good spirits. He said his new job was "the best thing for me."

"I like to work with kids and I think I can teach them a lot," he added.

In nine seasons in the majors he notched 119 victories while losing only 62, a percentage of .657. Only Whitey Ford of the Yankees — among active pitchers — has done better. Ford has a phenomenal .724 career mark.

Miami Releases Satch

MIAMI, Fla. (AP) — Satchel Paige has been released by the Miami Marlins of the International League. The colorful veteran Negro Pitcher — who has never told his age although it is estimated to be in the 50s — had asked for his freedom. His plans were not announced.

High Schools Are Placed On Probation

COLUMBUS, Ohio (AP) — Greenfield McClain and Washington Court House high schools Monday were placed on probation for one year by the Ohio High School Athletic Assn. The suspensions, due to misconduct of basketball players, is effective immediately.

The board's action followed last Friday's hearing on circumstances surrounding a fight at Washington Court House, following a basketball game between the schools Feb. 20, in which a Greenfield player's jaw was broken.

W. J. McConnell, high school commissioner, said the probation order is a "publicized warning" and will not prevent the two schools from playing in all sports.

"It means," McConnell said, "that both schools must watch their step in the future. Another infraction by either would result in ineligibility in all sports. But the probation order will not hinder them so long as they stay within the rules."

McConnell said the fight, involving students and team members from both schools, occurred some 30 minutes after the game. He said the Greenfield players were delayed in getting into their car for the return home because it was locked, and that "some words were bandied back and forth as the Washington Court House players, who had won the game, met the Greenfield group in a hallway after throwing the Washington coach into the shower."

The state board did not go into conflicting reports as to who struck the injured player. Fred Domenico, Washington Court House athletic director, and Coach Dean Waddell of McClain were among those who testified before the board. The board also heard tape recordings of statements from several involved in the melee.

Canfield Wins At Leetonia

LEETONIA — Canfield captured seven events to finish far ahead of Greenford and Leetonia in a triangular track meet here Monday.

The Canfield thinclads scored 61 2-3 points while Greenford finished second with 28½ and Leetonia ran third with 27 5-6.

Habger was the star for Canfield with victories in the 120-yard high hurdles at 17.9 and the 440-yard dash at 55.3.

Canfield also won the mile relay, pole vault, high hump, low hurdles and discus.

Chuck Lippiatt was a double winner for the Leetonia forces, scoring with 24.3.5 clocking in the 220 and a leap of 17 feet, 11½ inches in the broad jump.

Jim Lydon won the mile for Leetonia in 4.59.6, while Terry Tilley won the 880 in 2.08.2.

United will visit Leetonia Friday.

Ortiz Talks Title Bout After TKO Over Matthews

PHILADELPHIA (AP) —Carlos Ortiz is talking of a lightweight title bout after showing unexpected power in a sixth-round technical knockout of Len Matthews.

"I could have beaten the champ (Joe Brown) the way I felt," Ortiz said after Monday night's decisive win. "First I have to meet Willie Toweel in London and then I hope to get Brown."

Ortiz, the second-ranking contender, certainly did nothing to hurt his title chances.

Matthews, unranked but supposedly the superior hitter, landed some of his best punches. Ortiz neither flinched nor appeared shaken.

Ortiz the little Puerto Rican from New York, led the Philadelphian all the way. There were no knockdowns.

Ortiz, at 136, had a one-pound weight advantage.

Johnson Defeats Hunter, Described As 'Real Comer'

NEW YORK (AP) — Alonzo Johnson, an outstanding heavyweight prospect, had a winning streak of 11 today and a good chance of getting a crack at a ranking fighter in a television bout.

"He looks like a real comer," said Harry Markson, general manager of boxing for Madison Square Garden. "I'm going to try and match him with one of the top 10 fighters."

Markson was scouting talent for the Friday night network TV fight program.

Johnson, a 6-foot, 187½-pounder from Pittsburgh, racked up No. 11 by gaining a split decision over Billy Hunter, 6-3, 192-pounder from Detroit, at St. Nicholas Arena Monday night.

Unbeaten in two years, Johnson now has a 14-1 record. Hunter's record now is 12-6-1.

Snead Compares Conditions In Masters, Open

BOSTON (AP) — If the Masters golf tourney were played under the same conditions as the U.S. Open, the winning score each year would be about 300, says Sam Snead.

Snead, an old pro who should know, told an annual dinner of the New England PGA Monday night that the Masters is a great event, but if "the Augusta course were tricked up like the courses over which the Open is played" the scores would skyrocket.

"The players won't even recognize Winged Foot of New York in June when that course is set up for the championship," Snead said. Some of the fairways will be so narrow that even I will be able to jump across thm."

Leafs, Down 2 To 0, Are Underdogs Tonight

TORONTO (AP) —The Toronto Maple Leafs are in a familiar role for tonight's third game of the Stanley hockey cup finals against the Montreal Canadiens. They're the underdogs.

The Leafs, who crossed the odds-makers by edging into National Hockey League playoffs three weeks ago and did it again last week by eliminating the Boston Bruins in the semifinal round, aren't given much of a chance to halt the Canadiens.

Toe Blake's club won the first two games of the best-of-seven series and needs only two more to make it a sweep. The next two games will be in Toronto.

Toronto bookies have made the Canadiens 8-5 favorites to win tonight's game.

The Canadiens have won the cup the last three seasons.

New Pact Approved

LORAIN, Ohio (AP) — Agreement to a two-year contract providing pay raises of 22 cents an hour for 1,000 Lorain County construction workers was reached Monday. Wages go up 10 cents an hour May 1 and 12 cents on the same date in 1960. The agreement, which must be ratified by union members, would increase carpenters pay to $3.80 and hour and bricklayers to $4.10 an hour in the first year. The laborers union is still negotiating.

ANNOUNCEMENTS

2 IN MEMORIAM

IN memory of James Plunkett who died April 13th 1955. Sadly missed by wife and children.

IN memory of RICHARD L. RUSSELL who was killed in Germany April 11, 1945. You left your happy home behind To fight for freedom's cause. With grateful hearts, we think of you, And in your honor pause. May you not have died in vain, We lift our hearts in prayer To plead that needless wars may cease Both here and everywhere! Missed by Mom, Janet, Herbert, Kenneth and all who loved him.

3 CARD OF THANKS

WE wish to extend our thanks to all the kind friends, relatives and neighbors whose expressions of sympathy meant so much to us upon the death of our beloved son and brother ANDREW J. COLEMAN. Special thanks to Rev. Woods, Masons, and Bar Association, Honorary Pallbearers and Pallbearers. Signed Mr. and Mrs. Glayde Coleman, Mr. George Coleman, Mrs. Mary Stone.

Canfield Wins At Leetonia

LEETONIA — Canfield captured seven events to finish far ahead of Greenford and Leetonia in a triangular track meet here Monday.

The Canfield thinclads scored 61 2-3 points while Greenford finished second with 28½ and Leetonia ran third with 27 5-6.

Habger was the star for Canfield with victories in the 120-yard high hurdles at 17.9 and the 440-yard dash at 55.3.

Canfield also won the mile relay, pole vault, high hump, low hurdles and discus.

Chuck Lippiatt was a double winner for the Leetonia forces, scoring with 24.3.5 clocking in the 220 and a leap of 17 feet, 11½ inches in the broad jump.

Jim Lydon won the mile for Leetonia in 4.59.6, while Terry Tilley won the 880 in 2.08.2.

United will visit Leetonia Friday.

Ortiz Talks Title Bout After TKO Over Matthews

PHILADELPHIA (AP) —Carlos Ortiz is talking of a lightweight title bout after showing unexpected power in a sixth-round technical knockout of Len Matthews.

"I could have beaten the champ (Joe Brown) the way I felt," Ortiz said after Monday night's decisive win. "First I have to meet Willie Toweel in London and then I hope to get Brown."

Ortiz, the second-ranking contender, certainly did nothing to hurt his title chances.

Matthews, unranked but supposedly the superior hitter, landed some of his best punches. Ortiz neither flinched nor appeared shaken.

Ortiz the little Puerto Rican from New York, led the Philadelphian all the way. There were no knockdowns.

Ortiz, at 136, had a one-pound weight advantage.

Johnson Defeats Hunter, Described As 'Real Comer'

NEW YORK (AP) — Alonzo Johnson, an outstanding heavyweight prospect, had a winning streak of 11 today and a good chance of getting a crack at a ranking fighter in a television bout.

"He looks like a real comer," said Harry Markson, general manager of boxing for Madison Square Garden. "I'm going to try and match him with one of the top 10 fighters."

Markson was scouting talent for the Friday night network TV fight program.

Johnson, a 6-foot, 187½-pounder from Pittsburgh, racked up No. 11 by gaining a split decision over Billy Hunter, 6-3, 192-pounder from Detroit, at St. Nicholas Arena Monday night.

Unbeaten in two years, Johnson now has a 14-1 record. Hunter's record now is 12-6-1.

Snead Compares Conditions In Masters, Open

BOSTON (AP) — If the Masters golf tourney were played under the same conditions as the U.S. Open, the winning score each year would be about 300, says Sam Snead.

Snead, an old pro who should know, told an annual dinner of the New England PGA Monday night that the Masters is a great event, but if "the Augusta course were tricked up like the courses over which the Open is played" the scores would skyrocket.

"The players won't even recognize Winged Foot of New York in June when that course is set up for the championship," Snead said. Some of the fairways will be so narrow that even I will be able to jump across thm."

Leafs, Down 2 To 0, Are Underdogs Tonight

TORONTO (AP) —The Toronto Maple Leafs are in a familiar role for tonight's third game of the Stanley hockey cup finals against the Montreal Canadiens. They're the underdogs.

The Leafs, who crossed the odds-makers by edging into National Hockey League playoffs three weeks ago and did it again last week by eliminating the Boston Bruins in the semifinal round, aren't given much of a chance to halt the Canadiens.

Toe Blake's club won the first two games of the best-of-seven series and needs only two more to make it a sweep. The next two games will be in Toronto.

Toronto bookies have made the Canadiens 8-5 favorites to win tonight's game.

The Canadiens have won the cup the last three seasons.

New Pact Approved

LORAIN, Ohio (AP) — Agreement to a two-year contract providing pay raises of 22 cents an hour for 1,000 Lorain County construction workers was reached Monday. Wages go up 10 cents an hour May 1 and 12 cents on the same date in 1960. The agreement, which must be ratified by union members, would increase carpenters pay to $3.80 and hour and bricklayers to $4.10 an hour in the first year. The laborers union is still negotiating.

DRIVE THE WINNER!

America's most widely read automotive publication, Motor Trend Magazine, says: "Pontiac with Wide-Track Wheels is the best combination of ride, handling and performance of any '59 car."

Pontiac's Wide-Track Wheels give you a secure driving feeling that never before existed. The wheels are 5 inches farther apart. This widens the stance, not the car. Gives you a steadier, more secure and comfortable ride, less lean and sway on turns and corners. A few minutes behind the wheel will show you what the editors of America's most widely-read automotive magazine meant when they chose Pontiac Car of the Year.

DRIVE THE WINNER!

America's most widely read automotive publication, Motor Trend Magazine, says: "Pontiac with Wide-Track Wheels is the best combination of ride, handling and performance of any '59 car."

Pontiac's Wide-Track Wheels give you a secure driving feeling that never before existed. The wheels are 5 inches farther apart. This widens the stance, not the car. Gives you a steadier, more secure and comfortable ride, less lean and sway on turns and corners. A few minutes behind the wheel will show you what the editors of America's most widely-read automotive magazine meant when they chose Pontiac Car of the Year.
